Firestone

Sales of this tire have increased 96% the first six months of this year, proving the balanced tire, the Firestone 3 1/2 has accomplished what Firestone sought for it, more mileage, greater economy, greater comfort, which has been passed on to the public at low cost—most miles per dollar.

Balanced! That means to you more than mere thickness of tread, greater air capacity, more plies of fabric, greater cushioning, or the gauge of the sidewall. It means that all component parts of the Firestone 3 1/2 are scientifically balanced by specialists who have put years of study and practice into a single purpose—to meet your demand in a small car tire. You can now have all four tires on your car give uniform service if they are Firestone.
