ADVANCE IN RAIL RATES REQUESTED

Washington.—To provide an additional revenue necessary to meet the \$600,000,000 increase in wages awarded by the railway labor board, the rail ways of the country proposed to the interstate commerce commission that passenger rates be advanced 20 per cent and freight rates, 9.13 per cent. In addition to the 27.6 per cent previously requested. They also proposed that a surcharge of 50 per cent be made on Pullman fares; that excess baggage rates be increased 20 per cent and that milk tariffs be increased to the same level as freight rates.

Should the full increases proposed and those previously asked for be granted, existing freight rates would be advanced 36.9 per cent and the nation's freight bill would be increased by \$1,355,370,675.

The total which would be added to the passenger revenue under the rail way executives' plan would be \$233,827,982 annually. Pullman charges would go up \$43,639,344 a year; the revenue on milk would be increased \$8,662,089 and excess baggage charges would be advanced by \$1,420,995.

The plan advanced by the railroad executives disclosed that they had estimated the wage award at approximately \$626,000,000 instead of the \$600,000,000 figured by the labor board.

FEDERAL ACT ACCEPTED

Vocational Rehabilitation Acceptance Proclaimed by Governor.

Salem, Or.—Governor Olcott, in a proclamation, accepted on behalf of the state the federal act approved June 2, 1920, providing for the promotion of vocational rehabilitation of persons disabled in industries or otherwise and their return to civil life.

Under the governor's proclamation the state treasurer is appointed custodian of all federal appropriations, and shall receive and provide for the proper custody and disbursement of all money paid to the state from the federal appropriation.
