Last Big Block of the Canadian Pacific Reserved Farm Lands
 This block contains the offering of the last big block of the Canadian Pacific Reserved Farm Lands. Until this block is disposed of, you can secure, at low cost, a farm home in Western Canada that will make you rich and independent. The country is ideal for mixed farming as well as grain growing. Later, the same lands can be bought only from private owners—and naturally, prices will be higher. Never again on the North American Continent will farm lands be offered at prices so low.
Your Last Big Opportunity
 This block contains both fertile open prairie and park lands in the prairie provinces and the Northwest Territories of Canada. You can buy farm lands on the rich prairies of Manitoba, Saskatchewan and Alberta at prices averaging about \$15 an acre. Or land in Southern Alberta under an irrigation system of unflowing water from 50 to 80 feet deep.
20 Years to Earn and to Pay
 The Canadian Pacific offers you this land under a plan of long term, easy payments that is remarkable in the history of farm investments. You pay down 10%. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 6%. In Central Saskatchewan, Bear River grows the world's prize wheat. World's price was grown at Lacombe.
Lands Under Irrigation
 In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation system in the American West. This district contains some of the best lands in Canada. An unflowing supply of water is administered under the Canadian Government. Prices range from \$5 an acre up, and the same easy payment terms. \$200 loan in improvements. Twenty years to pay back.
NO TAXES ON IMPROVEMENTS
 There's a small tax on the land—section more than 200 acres for all purposes but there are no taxes on your five stock, buildings, improvements, implements or personal effects. Good markets, modern schools, roads, churches, amusements, make farm life desirable and attractive. Here you can achieve independence.
No Sale Without Investigation
 The Canadian Pacific will not sell you a land until you have inspected it. You must be satisfied—and every question answered—before taking up your home. Investigation is invited and made easy. This announcement calls attention to the last great block of Canadian Pacific Reserved Farm Lands.

11 DEAD RESULT OF RIOTING IN BELFAST
 Belfast.—Eleven men dead is the toll of Saturday night's fighting in Belfast. In addition to the six men killed during the height of the battle, two of the wounded died.
 A feature of the rioting was the extent of the destruction of property by incendiarism. The fire brigade had an especially hard time during the night in fighting the flames. Their work was rendered hideous by the constant rattle of machine guns. The Sinn Feiners were in strong force and appeared to be well supplied with arms and ammunition.
 The greatest of bitterness was displayed during the fighting. There was a great amount of wrecking of houses and the burning of furniture indoors and in the street. The yells of the mob, shrieks of women and children and groans of the injured were audible. When the rioting was at its worst, women could be seen in their night attire, rushing from their homes, attempting to lead their families from the danger zone.

CONFIRM DEATH OF CZAR AND FAMILY
 London.—All possible doubts that former Emperor Nicholas of Russia and his family were assassinated in the basement of their prison house at Ekaterinburg on the night of July 16, 1918, seems to be dispelled by accounts of two independent investigators published here. One is printed by the London Times and was written by its former Petrograd correspondent, Robert Wilton. The other appears in the magazine "Nineteenth Century and After," and is from the pen of Captain Francis McCullagh of the British army. Both spent several weeks at Ekaterinburg and talked with natives and soldiers who witnessed the affair through the windows of the house. Both writers agreed on the important details of the story.
 The victims, they say, numbered 11, being the former emperor, his wife, son and four daughters, Dr. Botkin and three servants. The assassination was arranged by Yurovski, jailer in charge of the deposed royal family and was carried out by 12 soldiers. The Times account says these were Letts, but Captain McCullagh declares they were Magyars, placed on duty instead of a Russian guard.

EX-SECRETARY WILSON DIES
 Portfolio in Cabinet Held for Fifteen Years Under Three Presidents.
 Traer, Ia.—James Wilson, former secretary of agriculture, died at his home here.
 James Wilson was head of the department of agriculture for 15 years, during which he contributed largely to the phenomenal agricultural development of the United States. His long service in the cabinet constituted a record. Albert Gallatin, once secretary of the treasury, had previously held the record with service of nearly 13 years.
 Mr. Wilson's service, however, was notable for the constructive work which it included, rather than for the remarkably long time which he held the portfolio, with complete acceptability under three presidents of diverse temperaments—McKinley, Roosevelt and Taft.

American Cruiser Sent to Dantzig.
 Washington.—At the request of the state department, Secretary of the Navy Daniels ordered Admiral Huse, in command of the American naval vessels in Baltic waters, to send the cruiser Pittsburg from Reval to Dantzig for the protection of Americans, a considerable number of whom are now in Dantzig, Secretary Daniels said.

PEACE CONFEREES TRANSFER TO RIGA

Russians Accept Polish Request to Shift Place of Meeting From Minsk.

Warsaw.—The Russian soviet government has accepted the Polish proposal for transfer of the Russo-Polish peace negotiations from Minsk to Riga. It was announced in a Moscow wireless message to the Polish government. Reports reached Warsaw that little progress had been made at the Minsk conference and that it had been agreed to shift the negotiations in the hope of bettering conditions generally.
 The Poles apparently are planning no advance beyond the ethnographic frontier as mentioned in the American note, to which the Poles have replied. The front rests roughly along the line laid down by the allies. There are indications that the Polish eastern line is being stabilized temporarily and the general staff has directed that there be no advance into districts where the Poles might not be welcomed.

The military authorities announced that the Poles were resting and regrouping after pushing the soviet forces beyond the Bug, where they are prepared to make a stand if attacked.
 Polish artillery has decimated the principal column of retrograde soviet forces in the northeastern front, said an official statement. More than 500 men, including two general staff officers and 11 line officers, have been captured. Among the killed was the commander of the 57th bolshevik division and his chief of staff.
