

Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help, by putting your money where it will support the new Federal Reserve Banking System, which the government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.

Last Big Block of the Canadian Pacific Reserved Farm Lands

This announces the offering of the last big block of the Canadian Pacific Reserved Farm Lands. Until this block is disposed of, you can secure at low cost a farm home in Western Canada that will make you rich and independent. The country is ideal for mixed farming as well as grain growing. Later, the same land can be bought only from private owners—and naturally, prices will be higher. Never again on the North American Continent will farm lands be offered at prices so low.

Your Last Big Opportunity

This block contains both fertile open prairie and park lands in the Lloydminster and Battleford Districts of Central Alberta and Saskatchewan. You can buy farm lands on the rich prairie of Manitoba, Saskatchewan and Alberta at prices averaging about \$15 an acre. Or land in Southern Alberta, under an irrigation system of unending water from 60 an acre and up.

20 Years to Earn and to Pay

The Canadian Pacific offers you this land under a plan of long term, easy payments that is remarkable in the history of farm investments. You pay down 10%. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 6%. In Central Saskatchewan, wheat yields over the world's price wheat. World's price oats were grown at Lloydminster.

Lands Under Irrigation

In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation undertaking on the American Continent. This district contains some of the best lands in Canada. An unending supply of water is administered under the Canadian government. Prices range from \$50 an acre up, on the same easy payment terms. 2000 acres in improvements. Twenty years to pay back.

No Taxes on Improvements

There's a small tax on the land—sold more than 200 acres for all purposes but there are no taxes on your live stock, buildings, improvements, implements or personal effects. Good markets, modern schools, roads, churches, amusements, make farm life desirable and attractive. Here you can achieve independence.

No Sale Without Investigat

The Canadian Pacific will not sell you a unit until you have inspected it. You must be satisfied—and every question answered—before taking up your home. Investigation is invited and made easy. This announcement calls attention to the last great block of Canadian Pacific Reserved Farm Lands.

PONZI ARRESTED ON FRAUD CHARGE

Olympia, Wash.—With seven seeking to be the republican nominee for governor and five more would-be lieutenant governors listed, the fight in the state of Washington this year will be the hottest on record.

When the office of the secretary of state closed at noon Saturday complete tickets had been filed by the republican party and by the democrats with the exception of congressmen in the second district and for state auditor.

A last minute incident at Olympia which created a great deal of gossip at the capitol and which has a non-partisan feature occurred when J. W. Bryan, former member of congress and former state senator from Kitsap, Mason and Island counties, arrived at the secretary of state's office just after 12 o'clock and attempted to file a declaration of candidacy for state senator. His filing was refused despite Bryan's vehement protest, by Secretary of State J. Grant Hinkle, who declared the office had closed. Bryan refused to state whether he planned to file his own candidacy or that of State Senator Peter Iverson who has been anxious to succeed himself.

REDS IN DIAMOND PLOT

Stones Believed Famous Jewels of Royalty Found on Sailor.

Washington.—Traffic by bolshevik agents in precious stones supposed to be part of the famous jewels of the Russian royal family has been unearthed by federal authorities. One hundred and thirty-one diamonds found on Nels Jacobsen, a Swedish sailor, by customs officials in New York, it became known were enclosed in a package addressed to "Comrade Martens." Federal officials began an investigation which they declare has definitely connected Ludwig Martens, self-styled soviet ambassador to the United States, with the traffic.

Enclosed about the diamonds taken from Jacobsen, whom officials exonerated from complicity in the illegal proceedings, was a quantity of communist literature, including an "appeal of the executive committee of the third international at Moscow to the I. W. W."
