EVERY SCHOOL IN CROOK COUNTY HAS A TEACHER

Every rural school district in Crook County is supplied with a

teacher, according to J. E. Myers, county school superintendent. This is a very remarkable record, and one to be proud of, in view of the fact that many counties of the state are still minus a good percentage of the teachers, especially in rural districts.

The following is a list of the districts of Crook county with the teachers who have been secured for each:

THE MAN WHO FAILS

The man who fails is the sort of chap who is always looking for a snap; who neglects his work to regard the clock;

Who never misses a chance to knock. He is grouchy and slow when work begins;

When it's time to quit, he jokes and grins. He's always busy as can be,—when He thinks the boss is around to see. He believes that a "pull" is the only way

By which he can ever draw big pay; And he sulks and growls when he sees his plan

Upset by the "push" of another man. He's on the job when he draws his pay;

That done he soldiers his time away; While the men who tackle their jobs with vim,

Keep pushing and climbing ahead of him.

For the man who fails has himself to blame,

If he wastes his chances and misses his aim;

He'd win, if he'd use his hands and wits;

The man who fails is the man who quits.
