The next interscholastic game for the local team to play is scheduled with Bend on October 30th. Although they were defeated in their first game played with Prineville, the Benders promise to show us a more interesting game when played on their own grounds. Next Saturday, Bend plays Redmond at Redmond.  
 That 35 to 0 Score  
 There is a little song that the student body of the Crook County High School persisted in singing especially when our football team played the Bend team. The words are like this, Bend Hi will whine tonight, Bend Hi will whine.  
 When the sun goes down and the moon comes up, Bend Hi will whine.  
 This is characteristic of Bend, and their whining lasts more than a day or two. When Prineville played Bend, October 8, they played to win, and they played as football is played by all schools; but Bend and her supporters pin their fate to the "unsportsmanlike conduct of the Crook County aggregation and its supporters." Following is a report as the editor of the High School news of the Bend papers sees it:  
 "Rooters' Ethics"  
 "The annual football fiasco on the Prineville grounds is a thing of the past and, with it, comes the usual complaint of gross unsportsmanlike conduct on the part of the Crook county aggregation and its supporters.  
 Reports are current to the effect that a stuffed dummy football was used as a ruse, Carlisle fashion, by the Prineville players and that three of the players were ineligible. There is evidence to support both propositions, but the latter is undoubtedly verified by the failure of Crook county faculty representatives to certify properly to the eligibility of members of the team as the usual custom demands.  
 The continual stream of personal invective directed against the Bend players and rooters by the Prineville students and backed by grownups with demands that members of the Prineville team "get" this or that Bend player, assumed nothing of the phases of legitimate rooting in support of the Prineville team, but evidenced rather a type of roughneckism and lack of culture that characterizes no school community on earth perhaps, save the little inland village in question.

 where they were served with ice cream and cake. This is the first treat the boys have had this year. The season is not over, so there is plenty of time for several more. Who's next? A dinner has been promised by Mr. Evans, provided—(wait till the end of the season)  
 The second team game with Redmond's second team was cancelled due to the fact that they were unable to obtain the grounds for the morning. The Redmond second team played here during the fair and arrangements were then made for the return game.  
 On Saturday the 23rd, the Alumni play their game with the high school team. Every year the number of the Alumni is increased and accordingly the number of men eligible for the football team is increased. By this time they should be able to assemble a team of former star players that played on the C. C. H. S. team in years gone by. Of course they are quite old, stiff in the joints and short-winded, so they don't promise to beat us.

**Lower Prices for Our Customers**  
 A lot has been published in the papers of late regarding lower prices. To a certain extent there has been price reductions but not to the extent that many have been lead to believe.  
 In every instance where there has been a market decline we have marked our merchandise to conform to the new level and our customers can be assured that we are going to continue to give the benefit of any market declines.  
 On many items this is going to mean a loss to us as it is impossible for any concern to carry the stock that their customers have a right to expect and still be able to get out without some loss. It is simply a loss that merchants must take on a declining market. Some of the prices named in this advertisement are special to clean up overstocks while others show market declines.
