Is Your Money Supporting the Government?
 At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help by putting your money where it will support the new Federal Reserve Banking System, which the government has established to stand back of our commerce, industry and agriculture?
 You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.

"Yours for Real Tobacco"
 says the Good Judge

Men are getting away from the big chew idea. They find more satisfaction in a little of the Real Tobacco Chew than they ever got from a big chew of the ordinary kind.
 Costs you less, too—the full, rich tobacco taste lasts so much longer.
 Any man who uses the Real Tobacco Chew will tell you that.
 Put up in two styles
RIGHT CUT is a short-cut tobacco
W-B CUT is a long fine-cut tobacco

Last Big Block of the Canadian Pacific Reserved Farm Lands
 THIS announces the offering of the last big block of the Canadian Pacific Reserved Farm Lands. Until this block is disposed of, you can secure at low cost a farm home in Western Canada that will make you rich and independent. The country is ideal for mixed farming as well as grain growing. Later, the same lands can be bought only from private owners—and naturally, prices will be higher. Never again on the North American Continent will farm lands be offered at prices so low.
Your Last Big Opportunity
 This block contains both fertile open prairie and park lands in the Lloydminster and Districts of Alberta and Saskatchewan. You can buy farm lands on the rich prairie of Manitoba, Saskatchewan and Alberta at prices averaging about \$25 an acre. Or land in Southern Alberta under an irrigation system of unending water from 80 an acre and up.
20 Years to Earn and to Pay
 The Canadian Pacific offers you this land under a plan of long term, easy payments that is remarkable in the history of farm investments. You pay down 10%. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 6%. In Central Saskatchewan, prairie lands grow the world's prize wheat. World's prize oats were grown at Lloydminster.
Lands Under Irrigation
 In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation undertaking on the American Continent. This district contains some of the best lands in Canada. An unending supply of water is administered under the Canadian Government. Prices range from \$25 an acre up, on the same easy payment terms. \$2000 loan in improvements. Twenty years to pay back.
No Taxes on Improvements
 There's a small tax on the land—nothing more than 20c an acre for all purposes but there are no taxes on your five stock, buildings, improvements, implements or personal effects. Good markets, modern schools, roads, churches, amusements, make farm life desirable and attractive. Here you can achieve independence.
No Sale Without Investigation
 The Canadian Pacific will not sell you a unit until you have inspected it. You must satisfy—and every question answered—before taking up your home. Investigation is invited and made easy. This announcement calls attention to the last great block of Canadian Pacific Reserved Farm Lands.
Special Rates for Homeseekers and Full Information
 Special railway rates for homeseekers make investigation easy. Send now for free illustrated pamphlet, complete information, maps, prospectus, etc. Do not delay. Write TODAY!
