address.

Foreign Advertising Representative  
THE AMERICAN PRESS ASSOCIATION  
ROBERT N. STANFIELD  
The Baker Herald, after carefully  
considering the situation for some  
time, has become convinced that R.  
N. Stanfield should receive the solid  
support of Eastern Oregon. He is  
one of Eastern Oregon's sons who  
has made good. Stanfield is a na-  
tive product of Eastern Oregon. He  
is interested in the things Eastern  
Oregon is interested in. "Bob" runs  
sheep, raises cattle, farms big irri-  
gated ranches. He is also interested  
in Eastern Oregon's irrigation de-  
velopment. In short he is one of  
Eastern Oregon's leading farmers,  
stockmen and business men.  
Stanfield's home is now in Port-  
land, where he is also heavily inter-  
ested. He knows conditions in all  
parts of the state and will be a true  
representative of the people from  
Curry county to Clatsop and from  
Malheur to Wallowa. Wouldn't it

be nice for once to have a senator  
from Oregon who actually knew the  
problems facing Eastern Oregon's de-  
velopment?  
There are many reasons why re-  
publicans should vote for Stanfield  
and why democrats should vote for  
Chamberlain; but from a standpoint  
of state representation, from a con-  
sideration of bread and butter prob-  
lems, it seems that Robert N. Stan-  
field should receive a great majority  
of the votes, especially in Eastern  
Oregon.

A FINAL WORD  
Before another issue of the Jour-  
nal is off the press, the nation will  
have selected a new president, and  
conditions will again be something  
like normal.  
That the new president, regardless  
of which of the candidates is chosen,  
will be an improvement on President  
Wilson in his condition of health, is  
an assured fact.  
The people know too, that regard-  
less of the party leaders, the nation  
is not on the road to the bow-wows.  
These party cries are always heard  
and have long ago proven false.  
The indications are that the  
choice, by an overwhelming vote will  
be Harding.  
Years ago, when everyone was be-  
ing swept along on the popular pro-  
gressive wave, a man of the "Jimmy"  
type would have made a far better  
race. Today the antics of Cox in

his campaign are but a cheap imi-  
tation of the original Teddy, and re-  
minds one of the many (too many)  
evangelists who attempt to copy af-  
ter Billy Sunday. The original is  
good, but the imitation is like near  
beer, it lacks the "kick".  
While Harding is undoubtedly a  
conservative, he is of the type that  
the people seem to want; just how  
much they want him will be history  
by Thursday next.

Prineville has a greater variety of  
resources than any other interior  
Oregon town.  
Prineville has more first-quality  
concrete sidewalks than all other  
Central Oregon towns combined.  
More sheep and cattle are shipped  
to market from Prineville than any  
other interior Oregon railway point.  
Do you realize the fact that there  
is but one artesian water basin in  
interior Oregon, and that it is in the  
Prineville country?  
Those who are in a position to  
know the trend of things say that  
Prineville is destined to be the city  
of interior Oregon. Remember this.  
Not a Graceful Stunt.  
From a Story—Her breast leaped to  
her throat at sight of him, immacu-  
late, debonaire and young.—Boston  
Transcript.

# "Capital and Industry---Keep Out!"

WOULD YOU, AS A PATRIOTIC CITIZEN OF OREGON, PLACE SUCH A SIGN ON THE BORDERS  
OF THE STATE?

That is exactly what you will help to do if you do nothing to prevent the passage of measure No. 314 and 315 on the November ballot entitled, "Constitutional Amendment Fixing Legal Rate of Interest in Oregon."  
This measure proposes to limit the rate of interest in Oregon to 5 per cent. You can, by law, fix the rate of interest in Oregon, but you cannot by law, force the loaning of money in this state, when a much higher rate can be secured elsewhere. The passage of this measure would force the withdrawal of the millions of foreign capital which is today loaned on factories, business and real estate in the state and send your local money owners outside of the state to better investments.  
Passage of this measure would mean foreclosure of thousands of mortgages; would result in financial paralysis, and would mean widespread unemployment.  
You, no doubt, understand the viciousness of this measure, but have you talked to your neighbors and friends about it? We urge you to do everything you can to defeat this measure. Oregon's reputation as a sound state for investments requires that this measure be overwhelmingly defeated.

VOTE 315 X NO

AND URGE YOUR FRIENDS TO DO LIKEWISE.

PRINEVILLE MISSIONARY  
WORKERS ENTERTAINED  
The Bend Missionary Society of  
the Baptist church had for guests  
last Thursday, the Prineville and  
Redmond societies.  
A very entertaining and inspira-  
tional meeting was held by the joint  
societies, and all present were guests  
at a lovely dinner at the home of  
Mrs. M. D. Enloe.  
Those who attended from Prine-  
ville were: Mrs. Oliver Powell, Mrs.  
Mark Powell, Mrs. Gus Reinke, Mrs.  
Floyd Houston, Mrs. E. J. Wilson,  
and Mrs. W. S. Ayres.

Darwin's much-discussed book,  
"The Origin of the Species", was re-  
viewed by Mrs. Charles Ross, bring-  
ing out the author's thoughts very  
clearly and concisely.  
Mrs. Robert Douglas sketched for  
the club the opera, "Zaza", and the  
music was supplied by Florence Cra-  
mer, who gave several entertaining

whistling and piano pieces.  
Mrs. Laura Getchell, president of  
the Bend Study Club, was present,  
and talked on club matters.  
Other guests for the afternoon  
were: Mrs. Joe Lister, Mrs. Ted Car-  
lson and Mrs. Mattie Elliott.  
Pumpkin pie with whipped cream  
and coffee was served by the hostess.

PHYSOCRATS HAVE  
INTERESTING MEETING  
The Physocrats held their regu-  
lar meeting last Saturday with Mrs.  
Oliver Adams as hostess, at her home  
on First street.

# Have You Investigated the Western Pipeless Furnace

DUST PROOF

The World's Most  
Remarkable Home  
Heating Plant!

no pipes through the walls or floors.  
One register heats entire house, ev-  
enly and effectively. The principle  
of a Pipeless Furnace is scientific and  
practical. A proven success. It  
does the work better and cheaper  
than stoves, hot water or hot-air  
pipe furnaces, besides saving work  
for the housewife and others in the  
family.

Installed in Your House  
Without Costly  
Alterations

Western Pipeless Furnace can be in-  
stalled in your present home at  
slight cost, and when installed in a  
new house saves all the cost of costly  
plumbing, piping, radiators, stoves.  
The Western is made by Western  
engineers to meet Western condi-  
tions. It is designed for soft coal  
and wood. Hard Coal furnaces  
leak gas and smoke when used  
with soft coal. The Western is dust  
proof.  
If you cannot call and see this won-  
derful furnace, phone and our heat-  
ing engineer will call and give esti-  
mate of cost and explain all details  
without obligation on your part.
