# Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills and our young men are offering their services to the United States government. Would you like to do your share and help, by putting your money where it will support the new Federal Reserve Banking System; which the government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.

**A Want Ad Gets Results**

### Relic of Old Barbarism.

In ancient times when the young man was unable to arrange with the parents for the purchase of the girl, he would run off with her and hide. Many times he employed the help of a trusted friend. From these incidents came the well-known custom of the wedding journey of hidden destination. The trusted friend of long ago is the best man of today, who still helps with the arrangements of the wedding.

### Practice Diligence.

Let every man that hath a calling be diligent in pursuance of its employment, so as not lightly or without reasonable occasion to neglect it in any of those times which are usually and by the custom of prudent persons and good husbands, employed in it.—Jeremy Taylor.

### Couldn't Understand It.

A little Brookline miss, gazing at her mirrored reflection the other day, was heard to remark, "I can't see why God made me so homely when he knows I'm so particular."—Boston Transcript.

### Optimistic Thought.

It is silly to bestow too much labor on trifles.

# "Yours for Real Tobacco" says the Good Judge

Men are getting away from the big chew idea. They find more satisfaction in a little of the Real Tobacco Chew than they ever got from a big chew of the ordinary kind. Costs you less, too—the full, rich tobacco taste lasts so much longer. Any man who uses the Real Tobacco Chew will tell you that.

# Last Big Block of the Canadian Pacific Reserved Farm Lands

**Your Last Big Opportunity**  
This block contains both fertile land and a plan of long term, easy payments that is reasonable in the history of farm investments. You pay down 10%. Then you have no payment on the principal until the end of the fourth year, then fifteen annual payments. Interest is 5%. In Central Saskatchewan, heavy wheat grows the world's price wheat. World's price oats were grown at Lloydminster.

**No Taxes on Improvements**  
There's a small tax on the land—ad valorem more than 20c an acre for all purposes but there are no taxes on your new stock, buildings, improvements, implements or personal effects. Good schools, modern schools, roads, churches, amusements, make farm life desirable and attractive. Here you can achieve independence.

**No Sale Without Investigation**  
The Canadian Pacific will not sell you a unit until you have inspected it. You may be satisfied—and every question answered—before taking up your home. Investigation is invited and made easy. This announcement calls attention to the last great block of Canadian Pacific Reserved Farm Lands.

**Special Rates for Homeseekers and Full Information**  
Special railway rates for homeseekers make it possible to see the land before you buy. Full information, including forms, maps, etc., sent free on request. Write TODAY.

**Lands Under Irrigation**  
In Southern Alberta, the Canadian Pacific Railway has developed the largest individual irrigation undertaking on the American Continent. This district contains some of the best lands in Canada. An unfailing supply of water is administered under the Canadian Gov. permit. Prices range from \$20 an acre up, on the same easy payment terms. 12000 loan in improvements. Twenty years to pay back.

But it is largely up to you right now, whether there will be a big job in Oregon for your boy when he grows up.

You and your neighbors, in the everyday act of buying the things you eat and wear, are influencing the future job of your boy.
