BRITISH LOSE IN MANDATES FIGHT

Control of Commission is Given to Non-mandatory Powers.

Geneva.—The difficulty of any single power or influence dominating the league of nations was demonstrated when the council of that body, in spite of determined protests by the British members, decided finally to give control in the permanent mandates commission to non-mandatory powers.

The commission will be composed of representatives of five non-mandatory powers and four of the mandatory states.

The first American treaties to be filed with the league of nations were not officially on record when Sweden presented the text of two agreements with the United States.

Under the covenant of the league of nations the various countries must file all treaties and agreements made since January 16 of the present year, even those in which the other contracting party is not a member of the league.

The arrival of the first American treaties, although they are minor ones, was an occasion of considerable interest among the league members and officials.

A total of 51 treaties and agreements have been filed with the league. Of these, 15 were filed by Great Britain, 11 by France, four by Sweden, six by Switzerland and 15 by other nations which filed one each. Germany, although not a member, has voluntarily filed nine treaties.

It is situated at Ballykinlar, in Dunderbally, county Down, and is capable of accommodating 1000 prisoners. It is asserted prisoners will be liable to be interned without trial and that membership in the Irish republican army will be sufficient reason for internment. Other camps are in course of preparation.

It is reported that the roundup the last seven days has resulted in 2001 arrests.

BARR CADES UP IN LONDON

Barriers Eight Feet High Are Erected in Downing Street. London.—The seizure during raids in Ireland of Sinn Fein documents alleged to give details of a conspiracy for damaging buildings in England, was said in police circles to be the cause of the erection of formidable barricades at the entrances of Downing street and King Charles street.

Both streets lead from Whitehall to a group of government departmental offices and also the official residences of Premier Lloyd George and Andrew Bonar Law, the government leader in the house of commons.
