"I attended a funeral once in Pickens county, Georgia. It was a poor, 'one-gallon' fellow. They buried him in the midst of a marble quarry; they cut through solid marble to make his grave...

WORLD'S DEBT TO CHINAMAN

Celestial is Directly Responsible for Improvement in the Breeding of American Porkers.

The economic genius who figured out that all that was needed to bring unbounded prosperity to the cotton mills of New England was to add half an inch to each Chinaman's shirt tail...

He has not done it alone. He has had help from the East and West Indies and from our own farmers in the South.

Not many years ago the prizes of the pig world went to the round, short-

legged type, the kind of hog that you couldn't see under. The chief purpose in the life of that hog was to turn corn into lard.

The Split Infinitive.

An infinitive is said to be split when an adverb or adverbial phrase is inserted between "to" and the infinitive, as "to readily see;"; this construction is not considered good English.

Water Cause of Gopher.

Gopher is epidemic in important zones of South America, especially the Andes region and certain mountainous territory in tropical South America.

Up to the present no investigations had been made of the water from gopher-infested regions; but recently Housay has succeeded in producing experimental gopher in white rats after feeding them with water from the province of Salta.

Great Peat Bog.

Smolen island, near Kristiansund, Norway, is a flat spot of land possessed of numerous areas of peat bog.

True Love Sign.

When the stenographer shows signs of restlessness and spends most of her time looking out of the window, it's almost a cinch that she's getting ready to tell the boss she's going to be married.

In the Fashion. A young man purchased his sweet-heart a pair of ten-button kid gloves and left them at the house himself.
