Man Cannot Sense Coming Rain.

It is somewhat extraordinary, but man is the only animal that cannot naturally perceive approaching rain. All other animals show uneasiness when rain is coming. At such times dogs get restless, cats sneeze and wash their ears, frogs croak with a loud, harsh noise, owls screech, peacocks scream and ducks and geese are unusually noisy. This is said to be due to the relaxation of their nerves by the damp air, which makes them uneasy.

Long Range Fire.

A gossip is never willing to repeat unkind remarks to your face. We recently heard one when accused of this try to justify herself by saying: "Gossip, madam, is a social attack conducted on the approved principles of modern warfare—you are not supposed to see the person at whom you are shooting."—Boston Transcript.

Mental Depression Common.

Comparatively few persons if the feeble minded and a large number of the insane are exempted, are entirely free from the tendency to bouts of more or less mental depression. The more intellectual portion of mankind is indeed more prone to this kind of mental malaise, or spiritual equivalent of sea sickness, than the less "brainy" majority.

A Winter Catastrophe.

Little Howard had become accustomed to going for milk to a neighbor who kept a cow. One winter day he was told that the cow had gone dry and he could have no more milk until spring. The little fellow lost no time in running home and explaining to his mother: "Oh, muuver, the cow's frozed up and he won't have no more milk till spring!"

Meaning of Dream of Liberty.

To a person who dreams he has gained his liberty, loss of health, the dream of taking liberties with another warns you to be cautious or you will be led astray. To lose your liberty denotes shame.
