

HIGH School Notes

HIGH SCHOOL NEWS ITEMS

The regular meeting of the Literary Societies of the high school was held on Wednesday afternoon, April 13. Raymond Smith, vice-president of the Ochoconian Society presided in the assembly. A splendid musical program was held, consisting of vocal as well as instrumental numbers.

The program as rendered, is as follows: Piano duet, Vera Dunham, Flora Edwards; vocal solo, Lulu Allen; Boys' chorus, Mark O'Kelley, Lester Coshaw, Lyle Laughlin, Tom Jacobs, Chester McKenzie; pianologue, Essie Reams; Instrumental solo, James Newsum.

After the musical program the various societies adjourned to their usual places of meeting for the literary programs, and any business that was pending. Another program is scheduled for April 27th. Visitors are invited to attend these programs, as they are enjoyable and interesting, as well as a demonstration of the talent in the school, which is not brought out in any other way.

The Honor Roll

The grades for the second six weeks period of the second semester have been compiled and those eligible for the honor roll are as follows: Margaret Foley, 97; Clarence Mertschling 97; Alice McNelly, 96.5; Margaret Nicolai, 96.4; Ladocia Jacobs, 96; Maude Millhorn, 95.75; Cecil Bowlin, 95; Gladys Koch, 94.75; Blanche Rowell, 94.66; Ogden Mills, 94.33.

Of this list, six are seniors, three juniors and one sophomore. There were 38 students who made an average of 90 percent and above for this last period, 18 being seniors, ten juniors, five sophomores and five freshmen. In compiling the average by classes the seniors still maintain the lead, with an average of 87.14; sophomores, 84.72; juniors 84.49; freshmen 82.18. The standings for the classes and for the students making the honor roll, are practically the same as they were the first period of this semester.

Musical to be Given Soon

Plans are now being formulated for a high school musical to be given sometime in the first part of May. Owing to a late start, no elaborate program will be arranged for this first program, though, through the Music Club, which has been organized in the school, an endeavor will be made to put on at least two programs next year. For the program to be presented this year, the students are lending their aid voluntarily. The nature of the program will be along the lines of chorus work, solos, both vocal and instrumental and a number of pieces by the orchestra. In addition at least one reading will be featured. Admission will be charged, as the music club is in need of funds to secure material and music for their work next year. A rehearsal was called for Tuesday evening at the Annex Rooms, and after once getting started regular rehearsals will be held several times a week.

Junior Play to be at Powell Butte

The members of the play cast in "The Rejuvenation of Aunt Mary" have their parts well in hand, and are ready for their first performance which will be featured at the Powell Butte Community Hall, next Saturday, April 23rd. Everyone is urged to attend the play at Powell Butte, and those who do not see it there can arrange to attend when it is featured in the Legion Hall on the evening of April 30th. The general admission will be 35 cents, and 50 cents for reserved seats. For the children, a matinee will be held Friday afternoon, April 29th and an admission of 15 cents will be charged. Under this arrangement, everyone can be present to see the play, which is claimed to be the best one put on in Prineville. Everyone connected with the play is working their best, and their reward can come only thru a large attendance.

Special Work in Civics Class

The class in civil government, under Mrs. Pratt, is making an interesting study of the organization and function of the various departments of the government of the state of Oregon. A governor has been elected and the legislative department has been organized. This was accomplished by dividing the class into two bodies, the senate and the house; each branch having its usual officers and but one committee being appointed for the present time. The next phase of the work will be in the passage of bills. For this several days will be devoted to drawing up various bills and passing them thru the legislative and executive department. After a thorough understanding of the law-making body has been mastered, the work will then be extended to the judicial department of the state. In all this work the Oregon Blue Books are being used as text books to provide the students with first-class information.

Pete Augustine of the senior class

is still confined to his room with pneumonia. He has been ill for more than a week, but is now recovering somewhat.

BE YOUR OWN BOSS

Why be out of a job when you can buy rich virgin farms in Alberta and Saskatchewan from the C. P. R. on 20-year terms—one-tenth cash and no payment on principal for four years, balance 16 years? Only two percent interest first and second year if you improve the land.

Call or write for information. Come in and look over our album of late Canadian farm views. OCHOCO REALTY CO.

HOG EARMARKS

Provision was made at this session of the legislature for the registering of sheep, goat and hog earmarks and for certain other distinguishing marks on these animals, such as tattoo marks, fire or paint brands. There was some question as to the right to register sheep brands under the old law. This new legislation made specific mention of the right to have such marks recorded.

SYNOPSIS OF THE ANNUAL STATEMENT OF THE

Dubuque Fire and Marine Ins. Co.

of Dubuque, in the State of Iowa, on the thirty-first day of December, 1920, made to the Insurance Commissioner of the State of Oregon, pursuant to law:

From the Saxon.

Wife and woman spring from the same source, both being derived from the Saxon "wefan," Danish "wove" to weave, one who works at the distaff. Dryden referred to Queen Anne as "a distaff on the throne." From the same idea springs our word spinner applied to an unmarried woman. While a woman was still spinning her wedding clothes she was simply a spinster; when she had finished and was married she became a wife who had already woven her allotted task.

Seemed Natural Question.

Lowell had been told that when the sun comes up here it was getting dark in China. Early one morning the Chinese laundryman called at the back door. Lowell opened the door and his first question was: "Did you put your children to bed before you left home?"

Making Use of Lizard Skin.

The lizards of India and India has a great crop of them—are hunted for their skins. Women's and children's shoes, purses and handbags are manufactured from them. These articles have been found to wear as well as cat-skin or glue kid. The average skin is two feet square and is worth 32 cents. A pair of shoes made of lizard skin costs four dollars.—Popular Science Monthly.

Drilling Glass.

Make a solution of one ounce of camphor, one and one-half ounces spirits of turpentine and three drams of ether. Keep the end of the drilling tool wet with this solution. After the point comes through to the other side, put the glass in water and then proceed more slowly or drill from other side.

Hard on the Ball But Not on the SHOES they are Red Goose School Shoes

YOU will note a big drop in the family shoe expense if you will demand "RED GOOSE" SCHOOL SHOES for your children. They are made with a keen appreciation of the hard service to which children's shoes are put. They meet this terrible active-boy-and-girl resistance. The "Red Goose" shoe is stamped with a trademark like that shown to the left, and there is a style for every boy and girl between the ages of 3 to 16 years—styles for dress, for work, or rough play—every one of them built of LEATHER.

The name of this shoe is easy to remember, and the wear and service it gives your children and the money it saves you will not be readily forgotten. Call at our store for "Red Goose" All-Leather shoes.
