Kelly-Springfield Tires Are Dependable Tires

HIT-OR-MISS methods of manufacture produce tires of qualities varying from A-1 to Z-13. If you get the A-1 quality, you are lucky; if you get the Z-13, you are stung.

Every Kelly-Springfield Tire is inspected twenty-four times in the course of manufacture. This rigid inspection eliminates any chance of imperfections. It assures A-1 quality in every tire.

Kelly-Springfield tires are not the lowest priced, nor are they the highest, but they ARE the cheapest because they can be depended on to deliver more miles than any other tire you can buy.

SERVICE MOTOR SALES

NOW!

At this season of the year when money is a scarce and much needed article. When your running exceed your income and you are beside yourself as to how you will meet the expense, wouldn't it be fine to have a checking account at this bank on which to fall back? Why not resolve now that you will open an account when the first opportunity presents itself and be prepared for emergency.

Capital and Surplus, \$55,000.00

When you sail, sail under the Stars and Stripes to any part of the world

PRESIDENT HARDING has summed up the merchant marine by saying that we know "We cannot sell successfully where we do not carry."

And now we have a great American Merchant Marine, with ships sailing under the Stars and Stripes to every port of importance in the world.

Certainly the American people will never permit this merchant marine to decline from its present preeminent position. Nor will it — if each one of you will ship and sail under the Stars and Stripes.
