Harry B. Reynolds, accompanied by George Mahon and L. B. Coome, returned last Monday at midnight from a pleasant though exciting two weeks' mountain trip up Wind river in Skamania county, Washington.

In last week's issue of THE REVIEW it should have read Mrs. A. Rivers and not Miss Rivers as being married to Mr. W. Langforth. They were married at the Congregational church in Portland July 26 by Rev. Gray, pastor.

Mr. Lyons and Mr. Brouse together with their two sons, Clark and Cecil, have left on a vacation down the Columbia river, and will extend their trip into the mountains. They expect to be absent about two weeks.

Mrs. Hackett is moving from the house she rented on Dawson street to another and more commodious one on Fisk street. She is lamenting the loss of one of her fine canaries (a male in good voice) who unfortunately was caught in his cage and strangled.

Mr. and Mrs. Foster have started with their team on a two months' vacation and tramping trip taking life in a leisurely manner for the benefit of their health, which is not good. Their two children are with them and they all hope to return different persons in health.

Henry Izard and his nephew, Vincent Allen, left last Saturday for a hunting and fishing excursion to Tillamook. They hope at least to kill something. All the hunters who have gone with the expectation of killing a bear, or even a solitary squirrel, have not been at all successful.

The bell social given in the big tent by the Intermediate League Monday evening proved a very successful and delightful affair and was largely attended. There were songs, readings, and orchestra selections. The president is Willis Sibby, the secretary is Rose Cate; while Mrs. Herbert Davis is superintendent. Ice cream was served.

Last, on a St. Johns car No. 195 and conductor 724, on Wednesday, July 26, a pocketbook with a coin purse enclosed containing a small amount of money and two pearl handle knives with Mrs. Wayne engraved and the photograph of a little boy on the handle of one. Enquiries fail to find it. Will finder notify Mrs. Wayne, 393 Russell street, Glenwood, and receive a reward?

Mr. and Mrs. T. A. Reynolds were the hosts at a happy little party Monday evening given in honor of Mrs. A. N. Swigert and her daughter, Mildred, who returned Wednesday to their home in Iola, Kansas. The following named attended: Mrs. J. F. Stamish, Mrs. Hines, Dr. and Mrs. Rossiter, Mr. and Mrs. A. H. Stevens, Mrs. A. C. Troyer, of East Centre, Kansas, Misses Louise Ferringer, Helen Standish, Gladys Salisbury and Thomas A. Reynolds, Jr. Music, conversation and refreshments were the features of the evening.

Plant a few English Walnut trees!

St. Johns people have begun emigrating toward the Park. The other day Mr. Sibby sold a fine big house and grounds in the Park to a family who will move from St. Johns.

The meeting of the city council tonight will be an interesting one from more than one point of view, and the audience that will greet the city fathers promises to be large and enthusiastic. The Edwards resignation, now in the hands of Mayor King, is on the program, and the legal points of which, as will be explained by City Attorney Greene, will undoubtedly receive the strict attention of all.

### Go Into Poultry.

There are not nearly enough eggs born in this vicinity to supply the demand—although many are not aware of it. Ninety per cent of the eggs eaten in St. Johns are shipped in—yet there are scores of nice spots where energetic people could establish profitable poultry yards.

### Sold and Gone.

W. W. Hicks, whom people supposed was a fixture here in St. Johns, has sold his property to Dr. A. A. Leonard, of Silverton, Oregon,—and has acquired the practice of the latter, together with a nice home. Dr. Leonard will not practice, merely securing this property as an investment. Dr. Hicks' removal loses to St. Johns a good citizen and an able physician—and leaves but two physicians in the city: Dr. Hensel and Dr. MacLachlan. The people's best wishes go with him.

Last Friday the Clark & Wilson Lumber Co. cut an immense spruce log measuring nine feet in diameter and 24 feet long, containing 8,500 feet log measure and over 10,000 feet board measure. It took them an hour and a half to cut it. This is the largest log ever cut at this mill.

Nothing has ever been much more welcome to Linnton people than Harris' meat market. For years no one could get meat unless they went to Portland or procured it of a traveling butcher, who only came twice a week. Harris has ice for sale, too, at very reasonable rates. This is another great convenience.

Albert Wilson has been at work with a gang of men cleaning and drying up the swamp at the foot of the canyon. All the dead trees and underbrush have been done away with, and a beautiful little park is the result. Mr. Wilson has spent a great deal of time studying up forestry, and thoroughly understands the art. He is a member of the Clark & Wilson Lumber Co., and a thorough woodsman.

Saturday night's dance was a great success. There were over 40 couples present—a splendid crowd. They danced until the roosters crowed, and then wanted to dance more. Quite a number of young people from St. Johns and Portland were present. The ice cream disappeared about 1 o'clock, and the music stopped at 4:15 a. m. The evening was cool enough to make life enjoyable, and every one went home satisfied that they had a good time.

Linnton has lost both its operators during the great railroad strike. The Northern Pacific sent a man out to attend to the railroad's interests here, but has now decided to take him away. Linnton needs an operator very much, seeing that there is a population of considerably over 200, not including the numerous farmers and residences in the immediate vicinity. People wishing to take trains from here now never know when to expect them—something which is very annoying.

The construction of the county road is progressing rapidly. At Linnton they have taken the kinks and twists out of it, and have made it wider and level. One of the two bridges has been removed, and the place between the spanning points has been filled in with rock and dirt. A large pipe runs under the road now, which conveys the water from the hills into the fields. The large gulch at the ravine is slowly being filled up. The county has gone to some expense in building a concrete water way, which will allow the water from the reservoir to pass through.

Last Friday afternoon Verl Williams celebrated his ninth birthday with a surprise party. At 2:30 all the young folks of Linnton quietly gathered in Mr. Fatchel's yard in eager expectation. Verl was kept in the house and did not know what was going on outside. When all were present his attention was attracted to a passing boat, but immediately diverted by the shouts and yells of "Surprise!" and the young man was surrounded by happy children who presented him many gifts and congratulations in ways known to childhood. Refreshments were served, and the rest of the afternoon occupied in sports and games which all participated in and enjoyed.
