The worst bit of street to be found in St. Johns is located in front of C. N. Braasch's residence. Really, it is a fright which a half-dozen loads of gravel would remedy. The countryman from Vancouver was moving from one seat to another in the St. Johns car when it stopped for a moment on Williams avenue. "Russell!" yelled the conductor. "Gosh!" ejaculated the old man in a semi-querulous tone, "they said if I came here that I'd have to hustle and rustle—but darned if I thought any conductor'd holler it at me like that!"

## UNIVERSITY and PORTSMOUTH

William Hall and wife, from Tacoma, are here. Now, watch the Park grow!

Mrs. Sears and her mother, Mrs. Parker, have left the Park for their home at Hood river.

Miss Loretta Brown was a visitor to the Park this week. Miss Brown and mother spent last summer with us.

Little Miss Athey, who was down with diphtheria, is out again—and it is supposed the dread disease has been stamped out.

About one hundred feet of new sidewalk is being built on Fisk street. A few more digs from THE REVIEW will complete the work.

Dolbow & Carpenter, the new contracting firm of the Park, are doing a fine business. Those who know the two men personally are delighted at their success.

William Mast and wife, with Mrs. Nelsson, are here from Utah, Mr. Mast thinks well of the Park and will settle here for good. He is an experienced mill-wright.

The crusade in THE REVIEW against foul back yards has brought good results. In three cases out-houses have been moved and yards cleaned up and fumigated.

F. O. Seaton, representing the Northwest School Furniture Company, was at the Columbia University the other day looking after a large order for school furniture. Mr. Seaton sold to the St. Johns school this spring.

J. J. Knox, the Piedmont express man, is talking of putting on two wagons between St. Johns and Portland. His idea is to have a wagon start from both ends of the route, morning and evening, picking up freight on the way, thereby building up a permanent business. This is a venture which should be encouraged by all residing away from the carline.

Judge Apple, of Colorado, arrived in the Park on Monday. The little judge is very enthusiastic in his praises of Portland, and of the Park. When he left Colorado he was not sure whether to settle in Seattle or Portland, but on arriving here decided to remain for a few days and look around. He has fully made up his mind to locate here permanently. Judge Apple has been for years a well-to-do farmer of Colorado.

Men's extra heavy fleeced underwear 35c at the St. Johns Bazar.

The football season is in full blast at Columbia University. Last Saturday two games were pulled off. The "kids" played a draw with the Holiday team in the morning, and the first team gave the V. M. C. A. contingent a severe beating—coming out of the fray to the tune of 27 to nothing—the visiting men not scoring one touchdown. In both games the Moore boys distinguished themselves by sensational runs.

All orders for dry wood and coal left at Donnelly's market will receive prompt attention and each customer will get exactly what they order. Peninsula Feed and Fuel Co.

Sensational rumors are in the air about the finding of an unfortunate girl of sixteen, after being away from home two days and nights. Coming from a respectable family and she being a handsome girl makes the experience all the more startling. She was found lying under a tree in a dazed condition by the postman a short distance from her home. Suffering from exposure and blue marks on her arms she lies at home in a serious condition. It is said two men were seen with her on Friday. As the parents have not given the matter much publicity THE REVIEW withholds names for farther investigation. Dr. De Val is in attendance.

### A Correction.

In last week's REVIEW there appeared an advertisement stating that a certain Feed and Fuel Company were sole agents for innumerable coals, among them "Diamond." Allow us to impart to the people of this vicinity that the sole agents for the genuine Wyoming Diamond Coal is the King Coal Company, of Portland, and the agents for this company throughout the Peninsula and St. Johns are Faulk & Merrill, at University Park.

The genuine Wyoming Diamond Coal is a semi-anthracite coal—while the advertised so called "Diamond" is a Lignite coal and of a much cheaper grade.

Beware of imitations and when you buy your Diamond coal get it either from the King Coal Company, foot of Kerney street, Portland, Oregon, or Faulk & Merrill, University Park.

Guard your property against fire. Insure with the Peninsula Bank.

### Baptist Church.

There will be services held both morning and evening, Sunday, by the Baptists at the Adventis church. Subject of morning sermon will be "The Church; Meaning of the Word, Membership and Duties Arising from Church Relation." Topic of evening service at 7:30: "Loss and Gain." All are cordially invited to attend these services. E. H. LEONARD, Pastor.
