WORK TILL MIDNIGHT.

City Council Does Lots of Work and Has a Lengthy Session.

There was a full house when the council met last Tuesday evening with Mayor Valentine in the chair. There was a lot of routine business transacted before the council settled down to the work of the evening.

A remonstrance from Mrs. Nancy Caples against the opening and extension of Richmond street was read and referred to the proper committee. There seems little probability of the matter ever being brought to light.

A petition to improve Allegheny street from the south line of Depot street to the south line of Columbia boulevard was read and referred to the committee on streets and dock. Petitions for arc-lights at intersections of Hartman and Stewart streets and at the intersection of Gilbert and Thompson streets were read and referred.

Several communications from W. W. Goodrich were read and referred to the proper committees. One of these was in regard to a "block book" for the city—which is deemed a necessity. There is a need, also, for several other sewers in the city limits. There will doubtless be proper steps taken in this direction.

There was some discussion over the matter of the improvement of a building on Ivanhoe street, which was commenced by D. C. Rogers before the passing of the two last ordinances. Attorney Greene explained to the council that as the work had been commenced it might be well to allow it to be completed. Some of the council were of the opinion that the building was practically a new one, and could not be repaired.

There was some discussion over the quality of brick that was being used in the construction of the sewer. It was decided to instruct the contractor to use only hard, suitable brick in future work.

The following bills were reported favorably:

Mrs. Oleson \$7.10
Rudolf Hallberg 5.50
Patrick Fallon 2.50
N. A. Gee 1.60
A. G. Long 2.00
J. K. Gill 6.15

The resignation of Lafayette Caples as deputy policeman was presented and accepted. No one was appointed to fill the vacancy, as no salary is attached to the office.

The petition of Samuel Cochran for a license to sell intoxicating liquors was read. It was accompanied by a certified check on the Peninsula Bank for \$1,000. It was reported favorably by the liquor license committee.

On coming to a vote all voted to grant a license to Mr. Cochran, but later it was discovered that twenty days, the time required by law between the application for and the issuance of a liquor license, had not expired, and the matter was carried over to the next meeting.

The application of E. O. Magoon for a liquor license provoked a warm discussion. It stated that the business was to be carried on in the building on Jersey street lately occupied by N. Friedman. The check of \$1,000 required by the liquor ordinance was not in evidence, nor had it been sent to the recorder. Ald. Walker argued that the application should be granted. Ald. King remonstrated against the granting of the license for a saloon on Jersey street. Ald. Hewitt made a strong plea against granting the license. He contended that the location was too prominent. It was at the point where the cars stopped, where all the ladies and children arriving and leaving St. Johns were obliged to pass. He did not object to granting a license, but thought there were plenty of locations on the side streets that would answer for a saloon location. He understood a petition remonstrating against the location of a saloon at this point had been generally circulated and signed. This was sufficient evidence that the business men and the general public did not want it there. All took great pride in the appearance of Jersey street, and no one wanted it defiled by a saloon. A saloon where was practically the depot of St. Johns would not impress the visitor favorably and no resident with the best interests of the town at heart would countenance it for a moment. He, for one was against the granting of a license for a saloon at the place designated.

Finally, after the matter had been threshed out, the vote showed

all in voting the affirmative except Aldermen Hewitt and Bredeon.

Chief of Police Bredeon complained to the council that the electric light at the corner of Catlin and Fillmore streets was too low.

Ald. Norton called the attention of the council to complaints that the ferry was not being operated according to the contract with the city. The matter was referred to the committee on streets and docks with instructions to investigate and report at once.

FLOUR

Sent to the Sufferers of Fire and Earthquake.

At a meeting called at the city hall last Monday by Mayor Valentine for the purpose of sending aid to the stricken citizens of California it was agreed to raise \$2000 to assist in relieving the distress. As a part of the contribution it was decided to immediately purchase and send to San Francisco a carload of flour, manufactured by the Jobs mill at St. Johns. The chair appointed W. H. Moxon, W. H. King and Rev. Young as a committee to solicit funds and purchase and ship the flour.

A subscription paper produced at the meeting and headed by a generous subscription of \$200 by M. L. Holbrook, was signed by all, and over \$500 pledged. By Wednesday night \$1600 had been pledged, and over nine-tenths of it paid.

By raising \$2000 St. Johns set its mark high, considering that there are no wealthy men here. It means a dollar for every person in the city. Following is a list of the subscribers and the amounts donated:

Guy Beebe and family are very much pleased with their new home in Castle Rock, Wash. Mr. Beebe can fish for salmon and mountain trout when ever he pleases.

The Women of Woodcraft are planning for a pleasant card party to be held at their hall on the evening of Saturday, May 5. It will probably end in a card party.

Mrs. Perkins, the milliner, has moved to a new location on Jersey street. She is showing a fine stock of goods in the building one door south of the Star meat market.

G. H. Carlson of the Portland Manufacturing Co. went to Tacoma, Wash., Sunday night on business connected with his establishment, returning Tuesday.

Mrs. L. Hamilton wishes to announce to her friends that she has opened dress making parlors at 308 Dawson street, Portsmouth station. Tailor-made suits a specialty. Prices reasonable.

E. O. Magoon received a letter from his relatives at San Jose, Calif., Tuesday last, saying all escaped alive, but that their home was wrecked and that they were cooking and sleeping in the yard.

A petition is being circulated and numerously signed that the business houses of St. Johns close every evening at 7 p. m. Many of the proprietors and clerks contend that all business can be transacted from 7 a. m. to 7 p. m.

Early Monday morning a report was current on the streets that Grant's Pass, Ore., had been destroyed by an earthquake. The rumor was started by a man who had just come from Vancouver. Probably the ride across the Columbia made him see things.

P. J. Peterson last Monday purchased two lots near the Miner residence, and is making preparations to move the building on Jersey street known as the St. Johns hospital to the new location. When in place this house will have one of the finest river views in the city.

Mrs. Perry Douglas of St. Johns, Ore., was one of the fortunate winners of a prize credit certificate in the mammoth publicity word contest recently conducted by Eiders Piano House, the popular piano and organ dealers of Portland. She applied it toward the purchase of a beautiful Marsell & Wendell piano.

Several citizens have made a large double-breasted kick to The Review during the past week on account of the mussy appearance of Jersey street in the business center of town. The scraps of paper and rubbish lying everywhere do not look good. But whose business is it to clean the street and tidy things up?

Thomas Cochran during the week bought of Shepard, Dobie & Peterson the handsome quarter block on the corner of Hayes and Chicago streets, just north of G. H. Carlson's residence, and is making arrangements to build a \$3,500 home. As soon as completed Mr. Cochran will become a resident of St. Johns.

BAND

Re-Organization Under the Direction of An Expert Leader.

The M. W. A. Band of St. Johns has been reorganized and will hereafter be known as the Citizens' Band of St. Johns. A new instructor has been secured in the person of S. E. Wright, a former U. S. army bandmaster. Mr. Wright is an experienced director of music, and has had a wide experience in teaching and handling amateur bands. He is a strict disciplinarian, and hopes to be able to give St. Johns a good musical organization of which the city may well feel proud. It is his intention to induce other musicians to locate in St. Johns, and he will be careful to see that all are sober, reliable and desirable men. No others will be tolerated. Mr. Wright will ask the business men of the city to help him create and maintain a good band in the city by furnishing employment for a few good musicians. The band was reorganized with a membership of sixteen, and this number will be increased as fast as possible. None but those who are interested in having a good band, and who will work for their own advancement and the welfare of the organization are wanted as members, and none others will be retained. A band cannot possibly be a success in a small city unless the people will assist and encourage the members. In return, it will be the policy of the band to place its services at the disposal of the people to a greater extent than any similar organization has heretofore done. Let the band and the people work in unison for the good of the organization, and with a long pull, a strong pull, and a pull altogether, give the city of St. Johns a band that will be not only a source of pleasure for the people to listen to, but an advertisement for the city and a credit to its leader, itself and the city.

THE PRIMARIES.

A Light Vote Polled in St. Johns Last Friday.

Last Friday afternoon was ideal as far as weather conditions, but only half the vote of the city was cast at the primary election. To be exact 226 votes were cast. Of these 196 were by Republicans and 40 by Democrats. At the recent city election 476 ballots were cast. Even then it was thought 100 voters missed the opportunity to cast their ballots.

At the polls last Friday T. H. Monahan, candidate for representative, although defeated for the nomination, received the highest vote cast for any candidate in St. Johns, pulling 148 votes.

The light vote may be accounted for from the fact that there was no organized plan of campaign. It seemed to have resolved itself into a sort of a go as you please affair, with here and there a man working for a friend whom he wished to see nominated.

The nominees for the legislature for Multnomah county are as follows: L. H. Adams, N. D. Beutgen, J. W. Beveridge, J. C. Bayer, D. C. Burns, W. H. Chapin, J. B. Coffey, John Driscoll, R. S. Farroll, F. F. Freeman, Harry E. Northup, Robert W. Wilson.

FLOATER

Found in the Willamette Opposite the City.

Last Tuesday shortly after noon Ezra and Amos Weiss, two St. Johns boys, found the body of a man floating in the river opposite the city, between the government station and the road house. The body was taken from the water and Coroner Finley notified.

The body was that of a man about 45 years of age. It was clad in rough clothes and a black shirt. On the face was a sandy beard. The corpse was six feet in height and weighed about 180 or 190 pounds. There were several marks on the face and head and the hair was matted with blood. The right eye was closed as if by a blow and the nose was crushed in. A pipe and a nickel were only articles found in the pockets.

At the corner's inquest Wednesday it developed that the dead man's name was Nels O. Peterson, a laborer, who disappeared from 28 North Third street, Portland, Sunday evening. Investigation led to the belief that the man committed suicide.

Caug't Cold While Hunting a Burglar

William T. Lanorgan, provincial Constable at Chapleau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by Jackson's Pharmacy.

COMMERCIAL CLUB.

A Crackerjack Organization for the City of St. Johns.

Nearly fifty citizens were present at the meeting Wednesday evening at the office of D. C. Rogers called for the permanent organization of the Commercial club.

All present joined the club and paid the admission fee of \$1. Much enthusiasm was manifested. All expressed themselves as desirous of advancing the best interests of the city. The Commercial club will be heard from later.

The following officers were elected.

President—D. C. Rogers.
Vice President—L. B. Chipman.
Secretary—G. J. Perkins.
Treasurer—P. J. Peterson.
An executive board of five members will be appointed by the president at the meeting at Mr. Roger's office next Wednesday evening.

ORDINANCE NO 89

An Ordinance Assessing the Cost of Improving Burlington Street from the North Line of Jersey Street to the Southerly Line of Modoc Street in the City of St. Johns, and Directing an Entry of Such Assessment in the Docket of City Liens.

The City of St. Johns does ordain as follows:

The Council of the City of St. Johns, having ascertained the cost of improving Burlington street from the north line of Jersey street to the southerly line of Modoc street, in the City of St. Johns, as shown by Resolution of Council of record and date March 27th, 1
