Let us give you the chemical analysis of Railway White Lead, and you will understand the force of the above statement. Potter & Goold.

A social entertainment was given by the Modern Woodmen to the members and their friends on Thursday evening of last week in the I. O. O. F. hall. A pleasing program was rendered. Card playing, music and social chat helped to make the affair an enjoyable one. Refreshments were served and well taken care of. The occasion was a very pleasant one throughout.

Last Friday night a large number of the friends and members of the United Evangelical church gathered in a body at the church about 8 o'clock and later invited the paragon, taking their pastor, Rev. E. E. McVicker, and family, completely by surprise. The guests, to the number of fifty, came well provided with refreshments. Music and games were enjoyed until a late hour.

The Western School of Music and Elocution of Portland, under the leadership of Prof. William Rasmus, will give an entertainment in St. Johns, Friday evening, Mar. 22, for the benefit of the Methodist church. Tickets will be on sale soon.

Many new families are moving into St. Johns weekly. The demand for houses exceeds the supply. The new comers want good homes. The make-shift shack of a house is not desired. All the good, comfortable houses are rented, and fifty more would be if they could be obtained.

A. H. Edlefson, brother of Supt. Edlefson of the water works, and John Edlefson of the Peninsula Bank, leaves tomorrow for Japan, where he intends engaging with an export house, providing conditions are satisfactory. If not he will continue his journey and visit his old home in Germany.

Tomorrow, "Jackson's," the swiftest waiting room on the line of the electric road, adjoining the St. Johns Pharmacy, will be opened to the public. The interior decorations are such that all will find it convenient to make "Jackson's" their headquarters while waiting for the cars. Besides landscapes the faces of several local beauties are to be found on the walls. A line of confections, cigars, papers, periodicals, etc., will be carried. Wait for the car at Jackson's.

That work is to be rushed on the railroad cut across the peninsula may be inferred from the fact that during the first of the week a couple of switch engines were landed on the temporary track constructed for the work trains by the contractors. The engines were taken up the hill from the water front, via Salem, Edison and Richmond streets, and thence to the right of way over the electric line. The additional motive power will no doubt be the means of putting and keeping a large force of men employed continuously for the next year. There is an immense amount of dirt to be moved, but the huge steam shovel with its dipper capable of handling five yards of dirt on each trip it makes to the cars, together with the hydraulic ram, will rush work on both ends of the immense cut.

For Sale—Washing machine for \$2 at 403 W. Johns street.

Ex-Gov. Fletcher: "That item of yours in last week's Review calling good old South Dakota the land of the Russian thistle is not deserved. But are you acquainted with the Russian thistle? They are something fierce. Hurlled along by one of those prairie zephyrs they can run right away from a railroad train. Once while driving from one town to another a big wind set these thistles going across the country so that it was impossible to proceed. The team would not face them, and I was compelled to get out of the buggy and unhitch the horses and turn them loose and camp for the night on the prairie. To show you how these thistles travel: Several fellows near Fargo, N. D., got hold of one about as big as a load of hay and tied a tag on it and turned the thing loose. The next day they got a message from Yankton, S. D., 300 miles away, saying that the big thistle had passed through that town and was still going south. At present these thistles are used as feed for sheep and are said to be good fodder."

The Artisans gave a very pleasing entertainment on Tuesday night.

The council have finished the reading of the charter and referred it back to the charter commission for revision, and that body will meet this (Friday) evening at the city hall and make an effort to complete their work.

The new three story hotel at the corner of Fillmore and Burlington streets has been named the Rose City Hotel, and will be opened for business Sunday, March 24. L. Rose and J. Griner are the proprietors. Everything will be new and home cooking will be one of the features.

The families of Chas. Arnett and W. C. Clark leave St. Johns next week to make their home on a fine farm they recently purchased near Estacada. These estimable people have many friends in the city who regret to lose them, but all will wish them prosperity in their new home "down on the farm."

Owens Bros. have opened a first class ladies' and gents' billiard parlor in the new Stine block at the corner of Jersey and Burlington streets. They have five of the finest billiard and pool tables made. Both brothers have had extensive experience in conducting billiard parlors, and all visitors are assured of royal entertainment.

The Review is in receipt of a communication from "Taxpayer." We would like to publish it, but it contains too many truths to sow broadcast. Any one would admit that the position he takes is correct, but it would not be wise to give it too much publicity. As it stands now the public is familiar with the injustice done to many taxpayers.

The Commercial club met in regular session Wednesday evening. The committee on soliciting subscriptions to incorporate the club reported \$295 pledged. The matter of improved car service was discussed and a committee consisting of Messrs. Dey, Kellogg and McKeon were appointed to confer with Manager Fuller to see if something can be done to improve the service.

Some work is being done on the city hall. Last Wednesday a Review man entered the building for the first time, and found two men at work. One was a tinner soldering on the cornice. The other, a carpenter, was busy on a scaffold at the main entrance. The windows are nearly all in place. None of the interior work has begun. At the present rate of progress it is impossible to guess when any portion of the building will be ready for use.
