FRIDAY, APRIL 5, 1907.

Now get down to business and  
pull for St. Johns.

There is nothing in the world  
people admire more than a good  
loser.

Forget your differences of opinion  
and see how hard you can boost for  
St. Johns.

A majority of the candidates,  
especially those who were in the  
running, profiting by the example  
set by Senator Bottine in his cam-  
paign last summer saw that the  
people were informed of their can-  
didacy by a liberal use of printers'  
ink.

A couple of plungers in Portland  
who have an idea that something  
has been doing among the officials  
in the Rose City during recent  
years have volunteered to contrib-  
ute \$50,000 towards a fund to be  
raised to hire Heney to probe into  
municipal affairs. The idea!

The result of Monday's municip-  
al election will cause new faces to  
replace the old ones in the city's of-  
ficial roster. Mayor Hinman will  
vacate his chair in favor of K. C.  
Kouch. The new mayor-elect is a  
good business man, of a jovial and  
whole hearted disposition and is  
well liked by all. We believe the  
welfare of the city will be well look-  
ed after during his administration.  
A. M. Esson, a rising young man,  
has been elected to the recordership  
to replace W. L. Thorndyke. Mr.  
Esson is a bright young man, am-  
bitious and well fitted to assume the  
duties that usually falls to the re-  
corder's lot. He will no doubt make  
a careful and painstaking official.  
Geo. M. Hall, who has been re-  
elected city treasurer, is a thor-  
oughly honest man. Everybody  
knows George Hall and everybody  
likes him. Always courteous and  
obliging, he will continue to serve  
the people faithfully and carefully.  
The new councilmen elected—B. T.  
Leggett, Chas. Lindquist and J. R.  
Jobes—are representative citizens  
and have the welfare of the city at  
heart. The former two have been in  
the harness before. Their former  
experience will no doubt be of value  
and the people know just what to  
expect at their hands. Mr. Jobes  
is an untried element, but he has  
promised to do the very best he  
knows how, so the public can look  
for him to give a good account of  
himself and serve the city well.  
The councilmen re-elected—W. H.  
King, L. E. Walker, W. W. Raser  
and S. L. Dobie—are all business  
men. The record they have made  
during the present administration  
was well known. Their acts on all  
important measures was made pub-  
lic and the people knew just where  
they stood. The result of the elec-  
tion proves conclusively that a

In the construction of the new  
city council the familiar figures of  
S. C. Norton and H. S. Hewitt  
will not be found in their accus-  
tomed places in the council chamber.  
Both are gentlemen of wide experi-  
ence, well versed in the affairs of  
city government and will be missed  
when the new council convenes.  
Both were honest and courageous  
and stood unswervingly by their  
convictions no matter how strong  
the opposition. They did their  
duty as they saw it and stood by  
their guns. They had no use for  
graft or grafters, and ever had the  
welfare of the city at heart. While  
their actions as the result shows did  
not meet with popular favor or else  
their positions were misunderstood  
by the voters, they were honest in  
their purpose and took great pride  
in economically transacting the af-  
fairs that came before council, and  
they never broke faith with the  
people. In retiring to private life  
they have the satisfaction of know-  
ing that they did their duty well.  
P. S. Bredeen was the only mem-  
ber of council who did not seek re-  
election. One year of strenuous  
life was enough for one time at least.  
W. L. Thorndyke who retires as  
city recorder has also made a good  
record. He took much pride in  
keeping his books and records in  
ship shape no matter how much  
time was required to accomplish  
that end. He was ever courteous  
and obliging and treated all alike.  
P. W. Hinman made a good, hon-  
est mayor, and during his adminis-  
tration made a clean record through-  
out, and has no bad actions to regret.

**Local News.**

The Y. M. C. A. hustlers were  
in St. Johns last Friday soliciting  
subscriptions for their building  
fund, and met with a generous re-  
sponse from many citizens.

The oldest inhabitant declares  
the present strip of disagreeable  
weather is something unheard of  
during their residence in the coun-  
try. Of late the gloom has settled  
down in chunks.

The recently inaugurated Sun lay  
mail is more than a convenience.  
Now let us try for a telegraph  
office. There are very few places  
in this country of 4000 people with-  
out this convenience.

We learn that Jos. Bickner, who  
is mining in the southern part of  
the state, is meeting with fair suc-  
cess, and has a claim that promises  
to develop into a paying propo-  
sition. His many friends will be  
pleased to hear of his good fortune.

As a mark of respect to the mem-  
ory of the late H. W. Goode, who  
died at Atlantic City on Easter  
Sunday, the Portland electric lines  
stopped their cars for ten minutes  
during the time the funeral services  
were held in Chicago. Mr. Goode  
was president of the company.

Potter & Goold, the hardware  
men, after a week's hard work,  
have succeeded in moving their  
large stock and placing it upon the  
shelves in the Bickner building,  
and are now prepared to attend to  
the wants of their customers and  
give them better satisfaction than  
ever. With ample floor, shelf and  
storage space the pioneer hardware  
firm is now able to carry a stock  
that will be second to none in the  
county. Call and see them in their  
new quarters.

Forget your differences! Let us  
love one another. It is not near as  
bad as being caught in a railroad  
wreck.

Second Row: Howard Brice, Ellen Vierhus, W. C. Alderson, Muriel Page, Palmer McKivicker.

Fourth Row: Wynn Manning, Arthur Carlson, Claude Poff.

An increase of 50 per cent in the  
vote cast in St. Johns last Tuesday  
over that in June last year shows  
the growth of this city.

Henry W. Goode, president of  
the Portland Railway Light and  
Power Co. died at Atlantic City,  
N. J., last Sunday morning of  
pneumonia. In his death Portland  
loses one of its most energetic and  
honorable business men.

A vote of thanks ought to be  
tendered Manager Fuller of the  
electric line for running the dilapi-  
dated open cars during the recent  
rainy and chilly weather. St.  
Johnites can congratulate them-  
selves that they do not have to  
ride to the city on flat cars. We  
are all tough and hearty out here.  
You bet we are!

Providing the amendment to the  
charter requiring the relaying of  
the water pipes by contractors and  
others is adopted by the council  
and the people, all future street  
improvements will have to be  
figured with this additional cost  
added to the contract. To be ex-  
plicit it provides that, where im-  
provements are being made and the  
water pipes or sewers are disturbed  
or exposed, they shall be relaid at  
the same depth beneath the surface  
at which they were found. Of  
course the contractor would have  
to figure this additional cost in his  
bill and it would be paid by the  
property holder. A grade plat of  
the city, showing the exact grades  
on all streets, would save this extra  
expense to the taxpayers, and it  
was for the purpose of hastening  
this measure that the clause was  
inserted.

majority of the voters favored and  
endorsed their actions, so it is nat-  
urally expected they will continue  
in the course they have previously  
pursued. We have no doubt but  
that they will deliver the goods as  
the people desire and have voted for.  
Taken altogether the line-up is no  
discredit to St. Johns. They are  
successful business men and should  
just as successfully run the affairs  
of the city on a business-like basis.  
It is up to the citizens of our city  
to give the new officials a fair show.  
All the assistance and encourage-  
ment possible should be tendered  
them. No body of councilmen ever  
pleased all the people, and it is not  
likely such will ever be the case.  
So all should be as lenient as possi-  
ble. Encourage rather than con-  
demn. Assist rather than criticize.  
St. Johns is at a stage where it re-  
quires the aid of a united commu-  
nity to push it ahead. If we knock  
and impede the actions of our city  
government, what can we expect  
from the outside world? Let us all  
join together in assisting the new  
city officials to do the greatest good  
to the largest number.

We are all good fellows, but  
some of us got April fooled.

Hearstism received a blow in  
Chicago last Tuesday from which  
it will take a long time to recover.  
Perhaps.

From the fact that the interest  
on the city hall money is costing  
the taxpayers of St. Johns \$2 per  
day, it is in order to at once start  
the work of rushing the city hall  
toward completion. The building  
is badly needed and the time for  
immediate action is at hand.

Whisper it softly! A streak of  
sunshine passed through St. Johns  
yesterday morning.

Between a few of the damp-  
hool members of the legal and medical  
professions it is a wonder that all  
connected with the Thaw case, in-  
cluding the prisoner, are not in the  
insane asylum.

The Review is in receipt of the  
Peoples Press, the new weekly pa-  
per of Portland, edited by Dana P.  
Sleeth—and it is a dandy. Mr.  
Sleeth is one of the best newspaper  
men of Portland, and is well known  
in St. Johns. He has gained his  
knowledge of what is needed by  
experience on the dailies of Port-  
land, and will issue a paper that  
will have interesting reading in  
every line. He has a style that is  
all his own and it is one that every-  
body likes. The Peoples Press  
will be heard from later on. Our  
best wishes are extended.

City Engineer Goodrich: "I want  
to say that the city hall affairs are  
all in good shape as far as the city  
is concerned. There has been some  
dodging of the specifications by the  
contractors and the work will have  
to be torn down and done accord-  
ing to the plans. The cornices,  
for instance, are not in accordance  
with the plans, neither are the  
front doors. I remonstrated at the  
time they were being put up, but  
my suggestions were not followed.  
Now I propose to make them follow  
the plans and specifications. The  
city has a contract that has stood  
the test in the courts in many states,  
and I know it will stand here.  
You may rest assured that St. Johns  
will have one of the finest city halls  
in the state, and it will not cost  
more than \$12,000."

Eight acres and seventeen lots  
were sold in West St. Johns during  
the past week, and negotiations are  
on for many pieces of property.

The Methodist church realized  
about \$125 from their Easter bazaar  
last week. From this amount the  
comparatively small expenses were  
deducted.

Roscoe James, who killed his  
sweetheart in Portland Sunday  
night, was well known in St. Johns.  
His victim was also known by some  
of our residents.

Rudolph Koerner of Oregon City,  
has been appointed superintendent  
of the woolen mills, vice Clarence  
Bishop resigned. Mr. Koerner  
assumed charge on the 15th ult.

The best April fool joke in St.  
Johns was to see George Hampton  
put salt instead of sugar in his cof-  
fee at the Methodist election day  
dinner. Mrs. Hampton did like-  
wise.

The right arm of Mrs. Lillian  
Wade, of 303 Eugene street, was  
amputated at the shoulder Wednes-  
day at St. Vincent's hospital. Mrs.  
Wade has been ill for over two  
years and is in a critical condition.  
She is the mother of the late De  
Monte Wade, who lost his life in  
the explosion of the steamer Regu-  
lator at St. Johns a year ago.

**Here It Is!**

**First Addition to Linnton!**

Come and let us show you the best money-  
making proposition on the banks of the Willamette  
River within a dozen miles of Portland. Something that  
is not going to be a good buy a year hence, but is a good  
investment right now. Something that is right on the line  
of the electric road now building to Linnton, and which  
will double in value within a year.

Linnton has the deepest water to be found along  
the river. Everybody knows what this means. In a very  
short time it will be occupied by busy factories.

**Easy Payments!**

Any one purchasing one of these lots not only gets  
it at a low price, but on the easy payment plan. Pay ten  
per cent of the purchase price down and the balance at \$5  
per month. Lots at \$40, \$50, \$60, \$80 and \$100. These  
prices will not last long. Come and make your selection  
before too many are sold.

**A Woman Tells How to Relieve  
Rheumatic Pains.**

I have been a very great sufferer  
from the dreadful disease, rheuma-  
tism, for a number of years. I  
have tried many medicines but  
never got much relief from any of  
them until two years ago, when I  
bought a bottle of Chamberlain's  
Pain Balm. I found relief before I  
had used all of one bottle, but kept  
on applying it and soon felt like a  
different woman. Through my  
advice many of my friends have  
tried it and can tell you how won-  
derfully it has worked.—Mrs. Sara  
A. Cole, 140 S. New St., Dover,  
Del. Chamberlain's Pain Balm is a  
liniment. The relief from pain  
which it affords is alone worth  
many times its cost. It makes rest  
and sleep possible. For sale by  
St. Johns Drug Store.

**WHY**

have a torpid liver when Herbine,  
the only liver regulator will help  
you? There is no reason why you  
should suffer from Dyspepsia, Con-  
stipation, Chills and Fever or any  
liver complaints, when Herbine  
will cure you. F. C. Waite, West-  
ville, Fla., writes: "I was sick  
for a month with chills and fever,  
and after taking two bottles of  
Herbine am well and healthy."  
Sold by St. Johns Drug Store.

**JUST BECAUSE**

your cough is only in the throat  
and does not trouble you now, don't  
think that it needs no attention.  
When it has not had much of a  
start is the time to check it. The  
slightest cough easily leads to Pneu-  
monia, Bronchitis and Consump-  
tion. A bottle of Ballard's Hore-  
hound Syrup will cure that cough.  
The price puts it within reach of  
all. Sold by St. Johns Drug Store.

**NOTICE.**

Owners of dogs are hereby noti-  
fied that all dogs running at large  
after April 8 without license tags  
will be impounded as provided by  
city ordinance. License tags can  
now be procured of the city treas-  
urer.
