LOCALS WIN ON SUNDAY

Brewers Defeated by a Score of 6 to 5.

The game Sunday on the local grounds between the Brewers and Apostles was not nearly as good as the closeness of the score might indicate. In the first half of the game the locals put up a listless article of ball, and apparently did not try very hard to play the game. The pitcher's box was occupied by Lerch who pitched good ball until the 7th inning, when he failed to locate the plate. After three runs had been made and two men were on bases in this inning Charlie Moore took his place, but two scratch hits brought in two more runs before the inning closed, making a total of five runs. These were the only tallies scored by the visitors during the game, the score standing at this time at 5 to 4. In the local's half of the 7th Charlie Moore won the game by a slashing two base hit along the right field foul line that brought two runners home. The score was 6 to 5 in the locals' favor.

TIMELY SUGGESTION

Regarding Civic Improvements in Our City.

Editor Review: A few years ago a man went before the council of Albina with a proposition to bond the city of Albina for public improvements to provide boulevards and parks for the peninsula. Everybody thought it was a wild scheme, but the man that was denounced then is held up today as a public benefactor, and why not? When you drive along the beautiful Willamette on a nice boulevard, one hundred feet wide, and from our neighboring city, then take a ride out to Columbia Park and see what a beautiful place to pass away the hot afternoon; and realize that all this is for the people, the whole people, no one daring to molest them in the enjoyment of the same. Mr. Editor, I would like to see the people of St. Johns wake up to the opportunities that are before them at the present time, and secure some of those things for our own fair city, while yet we have a chance. Why not vote bonds, complete the boulevard around the peninsula, buy a tract of land for a park, add just a little to what we have and make the most beautiful as well as the most delightful place there is on the coast to live in. Then all this balderdash about going in to Portland will cease, unless they want to help us with our public and civic improvements.

Yours for a bigger and more beautiful city. New Idea.

Editor's Waste Basket.

If some day the newspaper man should print the contents of his waste basket there would probably be a riot. There would certainly be trouble in many homes, arrests in some directions, shot guns in others, and trouble all around. But the patron never sees the waste basket. He only glances at the beautifully printed pages, complains if one letter in fifty is up side down, growls his disappointment if one name in five hundred has happened to go wrong, kicks because his communication, signed "Taxpayer," has been condensed into respectable English, frowns because the editor didn't take his advice about publicly warning his neighbors against throwing more melons in the ally, and is generally disgruntled, not so much at what he fails to find. He knows his share of the waste basket, but he could have one look at the contributions made to that receptacle by his neighbors and friends, he would thank God for the existence of a man with sufficient intelligence and courage not to print all that he knows, and to temper even that which he does print. —Eugene Guard

General Robert E. Lee

was the greatest General the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is in the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it. Sold by St. Johns Drug Store."

A letter from Joe Thwaite, formerly photographer in this city and an old timer here, but who is now with his relatives in New York City, says there is no place like Oregon. A trip across the continent will always bring one to this conclusion, and in all Oregon one cannot find a more delightful climate than here in St. Johns.

Wonder what old Iowa will do next! She has millions in grain and stock, millions more in coal; but not satisfied with that, she seeks competition with John D., and is boring for oil near Milton in that state. Just to show the fool luck that naturally falls to the Hawkeyes, now comes the news that while sinking this hoped-to-be oil well, the perforators struck a four foot vein of copper ore. Bully for Iowa.

JUVENILE COURT

Report Shows Lack of Discipline on Part of Parents.

We have received a copy of the report of the juvenile court for the year ending June 30, 1907. In the introductory the compiler says: "We present herewith the bare statistics. Behind these figures are hundreds of stories of abuse, of neglect, of suffering, shame, sorrow, and misery. Almost all the cases are full of human interest." We wish we might be able to impress upon the hearts of parents the importance of keeping a loving, guiding hand upon the head of every child of our city. It is not the home loving child that goes astray and brings up in the juvenile court, but the one that loves to get away from the restraints of home to mingle with wild companions. During the year there were brought before the court 614 children under the age of 16 years. There were 472 sentenced, 404 boys and 68 girls. Of the 614 children brought before the court 318 have both parents native American, 253 both parents foreign and 43 one native and one foreign born. Of the parents: 51 of the children had vicious or immoral parents; 238 incompetent or careless parents; 53 had intemperate fathers; 16 intemperate mothers and there were 256 of capable parents. There are many things to learn by reading between the lines of this report but the most lamentable is the large number of children from native born Americans who are capable parents that have brought up in this court. The only reason we can possibly give is that the parents are not careful to know the kind of companions their children have and the sort of places they go for their amusements. We cannot be too careful in this regard if we would save our children from disgrace and dishonor.

Should Be Called Down.

Monday morning the Union Meat company's wagon drove into town with a load of meat and stopped in front of the meat markets with nothing over the meats to keep the flies off and the hot sun beating down on the meat until it made the grease run, with the big green flies as thick as a swarm of bees. Is it not enough to make a man swear off eating meat? Our meat markets are kept in good shape, clean and neat as can be found anywhere, but they should take the matter up with the meat company and demand that their meats be delivered in a way that would not disgust their patrons. Complaints of this have come to us time and again, but we refrained from saying anything until we saw it ourselves and know what we are talking about.

An Ounce of Prevention

is worth a pound of cure. There are many poor sufferers, Consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of Consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S., Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by St. Johns Drug store.

Luther Burbank's latest triumph is the production of a thornless cactus which yields the enormous crop of 200 tons of succulent fodder per acre. The California wizard is delivering the goods pretty regularly. A few men such as he are worth their weight in diamonds to the world.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints. —R. G.
