# Keep Bright and You WILL KEEP BUSY

Electric Light is the magnet that draws trade. The bright store is the "hypnotic eye" of business. People can no more resist the attraction of a brilliant, electrically lighted store than they can resist the clarion call of a brass band.

Is your competitor with the electrically illuminated show windows, bright interior and sparkling Electric Sign getting an advantage over you? The moth never flutters around the unlighted candle! Up-to-date stores nowadays consider shop-window lighting a necessity, whether they remain open after dark or not. Competition forces modern methods.

A show window brilliantly illuminated with Electric light will make many a sale "the night before." Electric light compels attention, makes easy the examination of your display, shows goods in detail and fabrics in their true colors.

And don't neglect the Electric Sign. It is soliciting "tomorrow's" business every moment it is lighted—burning your name in the public mind. It is a solicitor that never becomes weary—never stops work—costs little.

# OREGON'S OPPORTUNITY

Colonist Rates from all parts of the United States and Canada to all parts of Oregon and the Northwest will be again put into effect by THE OREGON RAILROAD & NAVIGATION COMPANY AND SOUTHERN PACIFIC CO.

[Lines in Oregon]

## MARCH 1, 1908

and will continue daily throughout March and April.

From the principal cities of the Middle West the rates will be as follows:

Chicago	From	\$38.00	Council Bluffs	From	\$30.00
St. Louis	35.00	Omaha	30.00		
Kansas City	30.00	St. Paul	30.00		

Corresponding rates from all other Eastern points. Stopovers at pleasure at all points in Oregon.

The Colonist Rate is the greatest of all homebuilders. Oregon has unlimited resources and needs more people who desire homes and larger opportunities.

Oregon people can accomplish splendid results by heralding this opportunity to all the world. Send Oregon literature giving good, reliable information about the state, far and wide. Call on the above to receive it if necessary.

### The Tax Proposition.

Editor Review: Replying to Mr. North, deputy assessor, as he was quoted in the Review of last week, will only say that the statements made in my letter published in the Review February 28, are positively true in every particular and I have the documents to prove it. Lots 11-12, block 17, Point View were assessed at \$450 while other lots adjoining were assessed at \$80 each, but Mr. North says that the \$300 was for improvements. Very well, but the only improvements on the lots are two small tents worth about \$10 each, which Mr. North says he assessed at \$300. Do you see what we are kicking about? Again lot 1, block 2, Barton's addition was assessed at \$200 with no improvements, yet there is a store building on the lot built in April, 1906, at a cost of \$450 which has been rented for \$7.50 per month ever since, yet the assessor did not see these improvements at all. Any kick coming here? As far as that map is concerned to which attention was called, will say that it certainly must have been intended as a joke. For instance lot 18, block 6, Oak Park No. 2 is marked on the map \$150, while the actual assessment is \$325. Again take the brick block in which the post-office is located, according to the map the four lots on which it stands are assessed at \$600, \$650, \$700 and \$750 or a total of \$2700. Of course no one supposes for a minute that the block was actually returned at any such ridiculous assessment. The map only showed the value of the bare lots and did not indicate the value of the improvements at all, and gave no information as to the assessed value of improved property.

But we said in our first letter that we thought St. Johns should be represented on the assessor's force by a St. Johns man that was acquainted with local values. D. C. Rogers informs me that the assessment of St. Johns property for 1908 has been turned over to him. This removes the cause of complaint and our kick is done.

S. C. Cook.

### Statement Number One.

A writer in the Corvallis Gazette puts forth the most silly, illogical arguments against statement No. 1 we have heard yet. After a quarter column logical reasoning on the question of morality the writer says: "Our objections to statement No. 1 are based, mainly on its manifest immorality. We have believed when the people saw this, the statement would be ignored, wholly disregarded. We observe this is the case. The people will not resort to immoral means even to reach desirable and righteous ends."

Arguing on this line the Gazette would remove all oaths of office from our regulations, because forsooth, we note that some of our officers violate their oaths of office and are guilty of perjury. Does that reflect upon the people? Are the people to bear the blame due to the perjurer who violates his oath of office and breaks the law which he is sworn to uphold? We do not believe any sane man will say so and we further believe that when these perjurers come up again for office the people will turn them down because of their immorality, and we believe in doing the same way with those who seek legislative honors. We believe that a man who seeks the honor of a representative should have respect enough for his constituents to sign statement No. 1 and stand by it, and if he will not, we believe in turning him down flat. In this way can the people achieve their desire for fair representation and in no other. This silly twaddle about the immorality of statement No. 1, would be amusing if it were not so disgustingly false.

### Funds Will Likely Be Safe.

Those who are afraid that the money the University of Oregon is asking for will be misappropriated will most likely experience a feeling of relief when they learn that all bills must pass through the hands of the president of that institution, for his signature, the secretary of the board, and a committee of three of the regents, then to the secretary of state who makes final passage on the bills before the warrants are issued. It looks like it was a pretty safe proposition so far as the spending of the money is concerned. If the bill provides the objects for which it is to be expended we are sure it would be carried out.

### Needs a Little Fixing.

Lauther the feed man has received a little jolter from the assessor. On a lot in Point View, on which stands a little shack put up down by the river 25 years ago, and moved to this lot a few years since and which they have been unable to rent for \$3.50 per month, the tax receipts shows was assessed at \$350. Mr. Lauthers says he would be glad to take \$50 for the building. Of course, accidents will happen, but we have a local assessor for St. Johns the coming year and that will make us all right for the future.

### Our Charges.

As is customary, we will charge for card of thanks, 50c; for resolutions of respect, \$1.00; for notices of church or lodge entertainments, suppers, societies, etc., where there are charges for admission, 5c per line, but where there are no charges for these events, we will break the rule and insert them free. We make this announcement so that our good friends may understand our rule in this respect.

### Appropriation Needed.

The people of Oregon will have an opportunity to show their appreciation of the good work the University of Oregon is doing for the young people of the state by voting for the appropriation asked for. There is one good thing about it, if they are any ways uneasy about there being misappropriation of the funds by the management of the university, when such a thing is proven it will be an easy matter to put a bill through by the initiative cutting the fund down. We do not fear for the safety of the funds as long as they have to be passed through the course that now prevails. Let us all vote for this appropriation and not compel the teachers to work for nothing about a third of the time as they have had to do this year.

### A Timely Illustration.

A very truthful and pertinent cartoon adorned the front page of the Oregonian one morning lately. It was the portrait of the business man and respectable citizen who did not have time to register and that of a thug and all-round crook, who always has time and never fails to register. Then our people wonder how it is that the bad element dominates the politics of the city. We do not wonder and do not blame the bad element for trying to keep ahead of the procession. It is money in their pockets to do so. We do censure the man who desires good government, who claims membership in some church, who would not touch hands with the bad element of the city, when he fails to register. His failure to do so and to take enough interest in elections to cast his vote places him in the same class as the ones he would shun. We think a great deal more of a saloon keeper who works for his interest, is law-abiding, and straight in his dealings with his fellow men than we do of the confessed church member who is indifferent to his duties to his country, who howls about the rottenness of the city and takes no step when he can to make it better. Such a man is a hypocrite, hated alike by God and man. Are you one of 'em?

### Building Permits Issued.
