## **Keep Bright and You** WILL KEEP BUSY

Electric Light is the magnet that draws trade. The bright store is the "hypnotic eye" of business. People can no more resist the attraction of a brilliant, Electrically lighted store than they can resist the clarion call of a brass band.

Is your competitor with the Electrically illuminated show windows, bright interior and sparkling Electric Sign getting an advantage over you? The moth never flutters around the unlighted candle! Up-to-date stores nowadays consider shop-window lighting a necessity, whether they remain open after dark or not. Competition forces modern methods.

A show window brilliantly illuminated with Electric light will make many a sale "the night before." Electric light compels attention, makes easy the examination of your display, shows goods in detail and fabrics in their true colors.

And don't neglect the Electric Sign. It is soliciting "tomorrow's" business every moment it is lighted-burning your name in the public mind. It is a solicitor that never becomes weary - never stops work - costs little.

#### Municipal Slovenliness.

It is hoped that the new mayor the streets of our otherwise beauticommittee. To illustrate the amount of care the streets of St. Johns have had just take a look up and down Jersey street-the only Since that time not \$100 has been expended in keeping it in repair and probably far less in keeping it connections with the water mains and left so without care being taken to tamp the ground or retaining the gravel for the surface as should be. Then the Telephone Co. fills the gutters with clay and rubbish never cleaning them out after finishing their job. Anybody stand-ing at the intersection of Philadelphia street looking up or down can see all kinds of litter in the gutters, old paper, boards, brick, etc., in places perfectly filthy. Municipal slovenliness is the only appropriate name for this state of affairs.

Our municipal taxes are now and have been higher than Portland where they expend thousands of dollars each year for repairs and street cleaning, but St. Johns with \$5000 a year liquor license can't put even a few dollars into repairs or cleaning, and a very pertinent question at this time is: "What is done with all this money?" Portgreat buildings of fine appearance, but if the streets are bad, filthy even asking a single question, thor-oughly disgusted. Then why not clean up and repair Jersey street at

A municipal association formed in St. Johns would be to our advantage without doubt. D. C. Rogers.

rance or from malice. At any rate Centralia, the essence of truth can not be found in this statement. In a let- Long Distance Telephone company ter in my possession from Gov. and the Washington Home Teleearning capacity of all its patrons and unfix them for any business be a commercial benefit to any community?" If this is not enough listen to the testimonials of men in our own state.
