H. A. Calef and family of Portland were guests of Mr. and Mrs. A. C. Gesler on Oswego street Sunday.

Mrs. A. M. Barrett and two daughters left Saturday morning for Eureka, California, for a three-months' visit.

"The Holy Spirit" will be the topic considered in the Sunday morning service at the United Evangelical church.

The many friends of Emma McNeill will be delighted to learn that she has returned from a visit of several months in Medford.

Adam Kaemlein drifted into the home port early this week. We are glad to see the lad home again and hope he will stay with us.

A. H. Willis and Clara Swayze of Baker City were married in Portland Sunday, Rev. F. L. Young officiating. They were old time friends of Mrs. Young.

The Wabash Independents and the Gresham team will cross bats at the local grounds Sunday afternoon, while the St. Johns club is absent at Vancouver. Good game.

Dr. Rambo is moving his dental office into the two front rooms over the First National Bank of St. Johns where he will have nice large rooms, and from his windows one has the finest view in town. We believe the Doctor is making a good move.

Mrs. T. T. Parker left Tuesday morning for Salem for a short visit with friends. She will stop off on her return trip for a few days at the home of her father, A. P. Magnus, a prominent farmer, fruit-raiser and hop grower residing at Wheatland, Yamhill Co., Oregon.

Ben Woldt, who purchased the cigar factory of P. J. Peterson about a month ago, reports business as being the very best. Has 20 employees at work in his factory with a pay roll of about \$300 per week. A few more factories with a like pay roll would do St. Johns no harm.

Miss Eulalia Greene came home last Friday from Castle Rock, Washington, where she has been living on her farm and going to school. She will visit here two or three weeks when she expects to return and take Jennie Greene with her. It is a lovely place up the Cowlitz where they live and we do not blame them for wishing to spend the summer there.

C. L. Spout and Miss Ethel Moulton were united in marriage by Judge Gantenbein in Portland on Tuesday, May 12, and are on their honeymoon. We could not discover where they were going or when the happy pair would be back. That is a secret their good friends will have to discover. We hope they will be given a hearty welcome and jolly reception when they come home.

Mr. E. T. Wilson, National Bank Examiner, was here the first of the week and made a thorough examination of the First National Bank of this city, and says the bank is doing very nicely. The national bank law requires personal examination, by one of its regularly appointed experts, of every national bank at least once every six months. Mr. Wilson has been in the continuous employ of the government as national bank examiner during the past sixteen years.

Hon. J. W. Morton, one of our old Hood River friends on his way home from Salem, ran out from Portland for a short call Tuesday. Mr. Morton says St. Johns has shown much improvement since he was here a year or more ago. He notices many new buildings that have been erected since he was here. We, who live in St. Johns, do not notice these changes so much as the occasional visitor does. Mr. Morton thinks the situation ideal for a great city.

The exemplifiers of Columbia assembly, St. Johns, went to the Albina assembly Monday evening, where the entire staff of supreme officers were gathered, and put on the floor work of the order in such a captivating manner that they won the entire attendance of some 100 Artisans and they were selected to put on the work at Marion hall June 4th during the open meeting on that date. The St. Johns team is acknowledged the best drilled team of exemplifiers on the coast. Another feather in the fraternal cap of St. Johns.

J. M. Rogers and H. H. Humphrey, representing A. G. Long of Portland, made a demonstration of what the hand Babcock fire extinguisher will do in case of a fire, Tuesday evening. They piled up a wagon load of light pine boxes, dry as tinder, saturated them with kerosene, touched them off and "let her went," until the fire roared like a burning brush heap. Then Mr. Rogers inverted one of the little copper soda water cans, switched its tail around the base of the fire for about a minute and had the fire out. He had enough fizzy water left to put out two or three such fires. It was one of these fire extinguishers that saved Mr. Taylor, the tea store man, a disastrous fire recently. We understand the gentleman disposed of something like a dozen or fifteen here.

"The Viper that Stings the Girl—The Rattler that Strikes the Boy—Which is Worse?" Sunday night at the Evangelical church.

W. J. Sterling formerly of Seattle, now of San Francisco, an old friend of Brother Thornlyke of the Astoria Leader blew into our office Tuesday to visit his old friend, but was somewhat taken aback when he looked into our open Dutch countenance instead of the finely chiseled, classical features of the editor by the big briny. It is a pleasure to meet any of the friends of Thorn, however, and trust they will look in upon us when they are in the city.

Adjourned Meeting of Council.
The city fathers met in an adjourned session Monday evening to look into the status of different franchises that are operative in the city. The gas franchise was read, its past history gone carefully over and on motion of Hunter a committee of three was appointed to inquire into the qualifications of the sureties on the bond of the St. Johns Gas Light & Heat company.

Then the water company's franchise was read and it seemed to develop from the discussion that followed that there was a kinky headed individual in the woodpile, which they had discovered a means of getting rid of, that would greatly improve the water situation in St. Johns. On motion of Davis the city attorney was instructed to inquire into the legality of the franchise as it stands and make written report. These discussions extended well toward the witching hour and the council then adjourned until the next evening at the regular hour.

The Pie Face Social
That the piefaced sisters of the V.P.S.C.E. of the Church of Christ are a popular bunch of young people was very manifest at the social given by them in Bickner's hall last Tuesday evening. There was a fine attendance, a bright little program was rendered and the fun began. Mr. L. T. Clark officiated as auctioneer, and he was a dandy. Some of the pies sold as high as \$2.50 and \$3.75 each, and some of the boys bought five or six pies in order to secure the pie their ducksy brought.

The society netted above all expenses \$29, and they wish to thank all who assisted them, especially Mr. Clark who cried the sale and the bunch of Pythian sisters who came to the social after their lodge and helped not a little in disposing of the pies and adding to the enjoyment of the occasion.

Mothers' Meeting.
The W. C. T. U. held their regular mothers' meeting at the home of Mrs. S. J. Kerr on Monday afternoon. The subject was "Home." One paper, Mrs. McKinley's, view of home life was particularly interesting. After a short business session and interesting program, Mrs. Kerr proved herself equal to the subject and occasion by serving the ladies with tea, sandwiches and cake. No mother can afford to miss these interesting and helpful meetings. Watch for the announcements which will be made in the various churches.

Our shoe sales for the first thirteen days of May are almost equal to the sales for the entire month of May last year. Is not this good evidence that we must be pleasing the people of St. Johns in our shoe department? It is very encouraging to us. We believe we are the leaders in our community now in the shoe business and in the grocery business, and we are striving to maintain our reputation along these lines and at the same time increase our Men's Furnishings and staple things in Dry Goods and Notions to the extent that we can satisfy almost any one in St. Johns.

If you had passed our stores last Saturday night you would certainly have remarked that "something was doing" there.
