Must either bust or advertise.

Preach the gospel of St. Johns.

C. F. Sager has about recovered  
from a severe siege of typhoid fever.

Mrs. J. F. Hendricks spent several  
days with her daughter in Seattle  
the past week.

Mrs. F. L. Test, who has been  
quite ill for some time, is now very  
much improved.

W. S. Clark has disposed of his  
home at Whitwood Court and now  
resides at Linnton.

Capt. Rosensteln, who recently  
purchased the E. C. Hurlbert residence,  
expects to occupy same this week.

P. J. Peterson of McMinnville  
greeted old friends and acquaintances  
in St. Johns several days the  
past week.

Andrew S. Anderson, recently of  
Astoria, has purchased a home at  
the corner of Charleston and Fill  
more streets.

Most of our stores are displaying  
spring goods. Now if we only had  
some spring weather it would corre-  
spond to a nicety.

The steel for the new bridge across  
the North Bank cut at Depot street  
has been ordered and work will soon  
begin on its construction.

Scales Bros. have purchased a plot  
of ground at the East St. Johns sta-  
tion and will erect a large grocery  
store thereon in the near future.

Many visitors scattered themselves  
throughout the city last Sunday. St.  
Johns is a great place for sight-seers  
when the weather is propitious.

A daughter of Mrs. Tumble's re-  
siding on Lively street had the mis-  
fortune to fall down stairs and  
break her arm in two places last  
week.

The new German Baptist church at  
the north end of Ivanhoe street is  
rapidly nearing completion. It will  
be a very neat and substantial ed-  
ifice when finished.

W. A. Bennett, who has associ-  
ated himself with J. T. Murphy in  
the Modern Machine works, expects  
to move his family here from Duluth  
the first of the month.

The revival meetings at the Bap-  
tist church have been concluded.  
The series were very interesting  
throughout and quite a number of  
conversions are reported.

Willard Shepard was called to  
Arizona last week on account of the  
serious illness of his sister, Miss  
May, who was undergoing an opera-  
tion for a tumor in the throat.

The dance given by the M. W. A.  
in Bickners hall on Washington's  
birthday was a very pleasing affair.  
About forty couples were present  
and all enjoyed themselves hugely.

The Oregon Conference of the United  
Evangelical church will be held  
in St. Johns this year, March 31 to  
April 5th. A large number of dele-  
gates anticipate being in attendance.

Messrs. Enfield and Saterlee have  
been awarded the contract for paint-  
ing the new city dock. Both are arti-  
sts in their line and it is needless  
to state that the work will be done  
well.

The Pitchless Lumber company be-  
gan the construction of their dry  
kilns and other buildings at East St.  
Johns Wednesday. This enterprise  
will be a valuable addition to that  
part of the city.

The short change trick was worked  
successfully in St. Johns during the  
past week. One drug store parted  
with \$5.00 and a grocer with \$10.00  
through the manipulations of the  
sleight of hand artist.

L. M. Brunson has disposed of his  
cobbler business in this city and will  
locate at Portsmouth. There is too  
much competition here in his line,  
and he decided to establish himself  
at the above place. He will, however,  
retain his residence in St. Johns.

Elsewhere in this issue will be  
found the business card of E. C. Mon-  
nich, who is now located in Port-  
smouth. Mr. Monnich has an envi-  
able reputation in this city for fine  
work in his line of painter and paper  
hanger. If you need his services,  
drop him a card.

J. H. Gammel held the lucky  
ticket that won the \$5.00 at Bonham  
& Currier's last Saturday. The  
unique clock scheme has now been  
brought to a close. It has been a  
very successful feature for this en-  
terprising firm, and vast crowds at-  
tended each drawing. Something fully  
as attractive has been promised  
by these gentlemen later on.

Laces and ribbons—the latest—at  
M. S. Cobb's.

Be sure it's a Vogue hat you wear.

Bargain—Residence lots, choicest  
part of St. Johns; easy terms. Call  
owner, 611 North Hayes.

The Arcade Theatre has made  
some substantial improvements to  
their amusement hall this week.

Mrs. Henry Hopkins of Denver,  
Colorado, who has been making a  
tour of the coast, was a guest of  
Mrs. Andrew Plattner this week.

F. G. Adams is having his resi-  
dence at the north end beautified  
and embellished by the application  
of wall paper and the painter's brush.  
Decorator Enfield has charge of the  
improvement.

The fire department announces a  
dance to take place in Bickners' hall  
March 17th. As a good time is al-  
ways insured when the firemen give  
a dance, this one will be no exception  
to the general rule. Remember the  
date.

J. S. McKinney reports the follow-  
ing real estate sales for the past  
week: Lots 19, 20, 21, and 22, block  
2, Point View, to Thomas Whitney;  
consideration \$800. Lots 4, 5, 6 and  
7, block 25, Kenton, to Theodore  
Gensnier.

Cliffon Fair has purchased a lot  
on Oswego street and will move his  
present dwelling, which is now locat-  
ed a block or so distant, thereon as  
soon as Contractor Gee completes a  
concrete basement on the site of his  
new purchase.

W. L. Churchill has resigned his  
commission as local agent for the  
Portland Daily Journal, and J. N.  
Keeler has been appointed in his  
stead. Mr. Churchill has had charge  
of this work for several years and  
was a great aid in building up that  
paper's circulation in St. Johns.

N. A. Gee has commenced prelimi-  
nary work on the grading of Wall  
street from Merango addition to  
Fessenden street. The landscape in  
this part of the city is undergoing a  
great transformation, and parties  
who have not visited that section in  
the past month would scarcely know  
where they were at should they drop  
off the cars at Smiths' Crossing now.

Arnold Unger has installed a wait-  
ing room in his establishment on  
Jersey street. It is one of the hand-  
somest and tastiest places of the  
kind to be found anywhere, and it is  
a pleasure to wait there for the  
arrival of the cars. Mr. Unger is  
certainly deserving of much credit  
for his enterprise in this matter. He  
has anything of its nature in Port-  
land skinned a mile.

Fourteen bids were received at the  
sale of the St. Johns school bonds at  
Portland yesterday, which shows that  
this city's stock is still rated high.  
Morris Bros. of Portland were the  
highest bidders and the bonds go to  
them. The Peninsula Bank of this  
city was the next highest on the  
list, net difference between the two  
bids being only \$102.50, which is a  
great showing for this institution.  
Morris Bros. bid on the \$50,000 bonds  
was at 4 1/2 per cent and \$401 as  
premium.

The political pot began to steam  
up a little last night. A meeting was  
held in M. W. of A. hall, and was  
called to order by Chas. Foss. K. C.  
Couch was elected president, F. W.  
Valentine secretary, and Chas. Bred-  
son treasurer. The title of "Repub-  
lican Club" was selected, and a com-  
mittee consisting of Willis Moxon,  
Thos. Cochran, Chas. Lindquist, J.  
T. Murphy and J. S. McKinney was  
appointed to propose a set of names  
as candidates for the various city  
offices and report at the same place  
next Monday evening.

lard's hall East Portland, Saturday  
evening, the music for which was  
furnished by W. G. Clark, Frank  
Hunter and Mrs. C. T. Moe. A fine

## Keep Bright and You WILL KEEP BUSY

Electric Light is the magnet that draws trade. The  
bright store is the "hypnotic eye" of business. People can  
no more resist the attraction of a brilliant, Electrically lighted  
store than they can resist the clarion call of a brass band.

Is your competitor with the Electrically illuminated show  
windows, bright interior and sparkling Electric Sign getting  
an advantage over you? The moth never flutters around the  
unlighted candle! Up-to-date stores nowadays consider  
shop-window lighting a necessity, whether they remain open  
after dark or not. Competition forces modern methods.

A show window brilliantly illuminated with Electric  
light will make many a sale "the night before." Electric  
light compels attention, makes easy the examination of your  
display, shows goods in detail and fabrics in their true colors.

And don't neglect the Electric Sign. It is soliciting  
"tomorrow's" business every moment it is lighted—burning  
your name in the public mind. It is a solicitor that never  
becomes weary—never stops work—costs little.
