IT'S WRONG!

To put clumsy, ugly looking shoes on the boy just because he is hard on his shoes. Shoes don't have to be ugly to be durable. We have shoes for boys, youths and little girls that are made to look well besides wearing well. Turn the boy's feet in this direction and you will get perfect satisfaction.

There is not a case of smallpox in St. Johns. The late little unpleasantness has been entirely abated and every one breathes a sigh of relief.

St. Johns was certainly well represented in Portland yesterday afternoon and evening. Only a handful was left to look after the city and wish they had gone, too.

Rev. C. P. Gates will deliver the Odd Fellow Memorial address at Lafayette next Sunday morning, and in the evening will deliver a Memorial address for the I. O. O. F. at the Evangelical church in this city.

Many beautiful roses were shipped to Portland this week from St. Johns and the people of this city certainly have done their full share, and then some, to make the Rose Carnival an unqualified success. Wonder if Portland would do as much for St. Johns?

D. F. Horsman circulated a petition for the closing of the business houses yesterday afternoon to take in the Carnival, and that he was successful was evidenced by the deserted appearance of our streets. So we guess we have Frank to thank for making a general half holiday yesterday.

F. M. Phillips has exchanged his home in this place for one in Vancouver, Wash., and on Tuesday moved with his family to his new location. Mr. Phillips is interested in and conducting a branch furniture store there for Calef Bros. and is doing a fine business which is steadily increasing.

The meat market recently conducted by C. W. Bennett on Jersey street has ceased to do business, and again is the fact demonstrated that in these modern times it is almost impossible to conduct a business without the use of printer's ink. One needs only to look back for the last three or four years and he will invariably find that the people who went out of business in St. Johns were the ones who did not believe in advertising.

The closing of our stores at 6 o'clock p. m. except Saturday nights and pay nights has not yet been inaugurated. All that is necessary is for some one to get out with a paper and it is more than likely that all will fall in line. The clerks deserve this concession and we believe the business men are not averse to it. The beautiful warm evenings are here now and it would do all good to advantage of them and get out in the open air. While the public may be inconvenienced by the early closing, yet it would not take long to adjust themselves to it. Now will some one please step forward with the necessary document and let everybody interested sign it.

The following young ladies were selected by the St. Johns branch of the Rose Festival committee to pass out roses to visitors last Tuesday, which was St. Johns day at the depot: Lola Walker, Lulu Gillmore, Edna Bailey, Georgia Perrine, Blanche Edlefsen, Babe Cooper, Ollie Cooper, Florence Carlson, Fern Davis, Lena Long, Sadie Chipman and Mary Herald. The members of the St. Johns branch are Mrs. R. McKinney, Mrs. F. W. Valentine, Mrs. Geo. J. Perkins, Mrs. C. A. Wood and Mrs. A. W. Vincent. This corps and their assistants have done splendid work, and deserve great credit for their aid in making the Carnival the grand success it is, and for bringing St. Johns so prominently to the front.

Harry Hunter and S. C. Davis have banded together as a real estate firm, and we understand that Mr. Davis will look after affairs in St. Johns while "Happy" looks after the Portland end.

Portland passed an amendment to bond the city for \$2,000,000 for the construction of a high bridge at Broadway at the election Monday. A bond issue of \$150,000 for a garbage crematory was also authorized. Wonder if the people of that city would not be pleased to have St. Johns annex with it and help pay the enormous bonded indebtedness they are piling up?

A monstrosity in the shape of a young kitten having two well developed heads, six legs and seven feet was one of a family of six born a day or two ago at the residence of J. E. Twiddell in Montavilla. One of its heads was in the center of its body as was the two extra legs, one of which had two feet. The curiosity lived but a short time after birth, while its five brothers and sisters are healthy, playful little house pets.

Local contractors should not overlook the fact that a call is now being made for bids on the construction of the high school near the city hall. Bids close June 24 and no time should be lost in compiling estimates. Bids may be submitted for the whole or in part, and there is no reason why local men should not handle this proposition, large even though it be. Submit your bids, gentlemen, and don't wait until the last minute.

A. S. Stone, one of our best and most highly respected citizens passed to the great beyond at his home at 923 Jersey street Wednesday morning. Mr. Stone had been afflicted with heart disease and dropsy for some time and his death was not unexpected. He was aged about 60 years. A widow and four sons are left to mourn the loss of a faithful husband and a kind and devoted father. A quiet and unassuming man, possessed of sound judgment, a kind and considerate neighbor and friend, in his death St. Johns loses one of her very best citizens.

Pointers for our Patrons.

We do not allow any printer to put out nicer work than we do and we put the best stock into our jobs.

The difference between poor stock and first class stock on a job is a small item when you consider the value of the job. It is the price of a satisfied customer. It is better to make 50 cents less on a job and have a customer who will come back, than to use the flimsy stock, make the extra 50 cents and lose your customer. That is the way we figure it.

Preach the gospel of St. Johns.
