Mr. and Mrs. J. J. Westmoreland of Midland, Texas, were pleasant visitors at the home of J. F. Gillmore on Tuesday of last week. They are making a three months' tour and visiting the principal cities and resorts of Washington, Oregon, Northern California and Colorado, and have already spent one month in Seattle. They were greatly delighted with the climate and conditions here.

Dr. I. M. Munfort, of Ithaca, Mich., was the guest of S. H. Satterlee for several hours last Friday. Dr. Satterlee is an old time friend of Mr. Munfort and the visit was a mutually enjoyable one. Mr. Munfort was so highly pleased with this portion of the globe that he is seriously considering the advisability of selling out in the East and enrolling as a citizen of the great Northwest.

Paschel Hill succeeded in killing three deer, two wildcats and an immense cougar, besides catching large quantities of trout while on his recent jaunt to the wilds of Nebahem country. His two companions also killed a couple of deer and two bears. While game is not plentiful, he has been there so often that he knows just where to go to find what he is after. The trip was enjoyed immensely and Paschel looks several years younger as a consequence.

Dr. Geo. E. Paddock, pastor of a large charge at Boise, Idaho, was a guest of his old time friend, H. W. Bonham, for several hours Monday. The Dr. and Mr. Bonham were both residents of Keokuk, Iowa, for a number of years, and the visit here was greatly enjoyed by the two gentlemen. Dr. Paddock is a genial gentleman and is greatly in love with the northwest. He believes the opportunities here cannot be excelled, and he was particularly struck with the great improvement that has taken place on the Peninsula since he last visited this section four years ago.

Swengel of this city. They are more pleased with Portland and St. Johns especially than any other point visited.

In a western county of Kansas the dead body of an unknown man was recently discovered. In his pockets they found \$100 in bank notes and a big revolver. Instead of using the hundred in finding his relatives, or falling in that, giving him a decent burial, they arranged his dead body before a justice of the peace for carrying concealed weapons and fined him \$100 and buried him in the potter's field.—Ex.

Mrs. A. W. Vincent secured third prize in the Journal circulation contest which was recently brought to a close. The prize consisted of a fine Waverly lot worth about \$500. Mrs. Vincent worked hard to secure the prize and was ably assisted by her many friends. ## THE OPENING OF SCHOOL

We admire that boy or girl who looks forward with pleasure to the opening of school. He has found his place in life to a large extent.

But that same occasion must remind the parents that there are things needed for that boy or girl's comfort during school life.

Our part is to do our best to supply the substantial, comfortable, long wearing shoes and stockings that they will require. We have received and have on the way 57 cases of shoes. Our past experience has taught us how to buy for St. Johns and we know out of these shoes we can take the best of care of your boy or girl. If you have never used the Wunderhose you do not realize what a saving in darning they are. We have a new shipment of these aggregating \$150.00.
