#### While the people of Portland are GOOD COAL CHEAD

The fuel question is one that is that as many deaths are caused by inferior in quality. Today wood, at what was considered to be an excity than ever before, and who can onstrate the fact that first class coal meat line. That is at BITGOOD & All the usual expenses connected with COLE'S new market on North Jersey the delivery of coal to the consumer has been pared off this coal. The profit exacted by the operator, the wholesaler and the retailer has been eliminated and the patron gets the product at bed rock prices. This can be done because the coal is mined and sold by the same party. Within the past month over four hundred sacks have been delivered to different homes on the Peninsula free of charge to prove that the coal posseased all the merits claimed for it. As a result over 150 tons have already been ordered by those who have tried it and many flattering testimontals have been received concerning its excellent qualities,

In order that the people may beome better acquainted with this coal and that it may come into more ext and a large enrollment will no general use, for the next SIXTY doubt be on hand. There seems to DAYS two tons will be delivered to be a little misunderstanding among any home on the Peninsula for \$13 some of our citizens regarding the cash. It is absolutely free from opening as several have been labor. clinkers and soot, and cheaper to

People generally realize that it is in this part of the world, and yet leaves no cinders. few are provided with stoves suitable for burning coal. That these people may provide themselves with coal stoves at a low cost, we have secured a large line of the latest and most approved pattern heating stoves and ranges especially adapted for the use of coal, and to parties using Potlatch coal we have decided to sell same at actual wholesale cost. It might hereby be stated that the difference betwen the wholesale price of stoves and the retail price is quite an item. We are not doing this from any philanthropic reason, but simply to stimulate the sale of Potlatch coal, knowing full well that after it once

be all that you claim for it, demonstrating to me that it is the cheapest fuel I can get, I can cheerfully recommend it to my neighbors,

Yours truly, C. A. Dotson.

#### **Proposals for Street Work**

# Sealed proposals will be received at the office of the city recorder of the city of St. Johns, Oregon, until 4 o'clock p. m., Sept. 19, 1909, for

the improvement of East Burlington street from the east line of Jersey street to the east line of Kellogg street by sidewalking and by lowering the street to sub grade and ma-cadamizing the same without a sand binder, said macadam to be twelve inches deep in the center of street and tapering to a depth of six inches at either curb, in the manner pro-vided by Ordinance No. 192 and the charter of said city and in accordance with the plans, profile and specifica-tions of the city engineer now on file in the office of the city recorder.

Separate proposals may be made for either grading, macadamizing or sidewalking included in said improve-ment. Each bid must be accompanied by a certified check payable to the mayor for a sum not less than ten percent of the contract price, and no bid will be considered unless accom-panied by such check, and upon blanks furnished by the city recorder

for such purpose, Said improvement must be com-pleted on or before Nov. 1st, 1909. The right to reject any and all bids is hereby reserved. The estimate cost of said improvement is \$922.55.

By order of the council.
