Our only suspicion that Dr. Cook's expedition was not successful lies in the fact that he is a Democrat, and they do fail so often.

—:—

The reason Peary took the colored man along was to prove in black and white that he had been there, and yet some people are still skeptical.

Attention, dyspeptics! If you seek relief and long for the cullinary propensities enjoyed by your epicure neighbor, eat large chunks of juicy pie.

Eat pie, eat all you want of it, and eat it for breakfast if you would have a good stomach.

Let the gastric glands begin their day's work with a good big job and you will feel the better for it. Throw away breakfast foods, for they kill more people in one year than does all the alcohol that was ever manufactured into whisky.

Those who seek health must get the right food combination, and in pointing out the combination medical science is about 400 years behind the times. I say again eat plenty of pie! It will cure your dyspepsia! —Dr. Charles McCormick of Chicago.

M. F. Loy returned the first of the week from a trip to the Eastern Oregon Oil & Gas Co.'s field near Vale. What he saw and heard there strengthened his faith considerably in the situation, and he is more satisfied than ever that this company has something that will turn into a golden harvest a little later on. Gas has already been found in great abundance and indications daily grow stronger that a gusher in oil will soon be struck. On account of its isolation it was thought at first that the gas could not be utilized in a commercial manner, but an expert has been over the field and he claims the gas will be worth $1.00 per thousand cubic feet, as it can be generated into gasolene of high grade right on the grounds, and that there will be millions of dollars in sight for generating purposes when the flow guarantees enough volume. The stockholders of this company have every reason for feeling well satisfied with their investments, and the outlook certainly is very alluring.

IS YOUR MEAT PURE?

While the people of Portland are being agitated over the impure milk proposition, it would be well for our people to look to the quality of meat they are using. It is of just as vital importance that the meat used should be pure as the milk, and it is likely that as many deaths are caused by diseased meats as from impure milk only it is more difficult to trace. Therefore, why buy your meat where any question might be raised as to its purity? Go where it has been proven beyond peradventure of a doubt that only good, wholesome meats are sold. You owe it to your family and you owe it to yourself. There is now more sickness in this city than ever before, and who can say that poor meat does not have its share in this deplorable state of affairs? There is one market in St. Johns where you can get the best, and nothing but the best in the meat line. That is at BITGOOD & COLE'S new market on North Jersey street. Try them and see.

WANTED—EXCHANGE PROPERTY.

What have you to offer for trade? Do you want a large house for your small one, or a small house for your large one, vacant lots or acreage for your improved property? If you have anything that does not exactly suit you, do not keep it. Let your wants be known to McKinney, the St. Johns Heights real estate dealer; call Richmond 1491. I have some fine homes in the best residence section of St. Johns that can be had with small payments down and balance monthly; large homes to trade for small ones, small ones for large ones. Give me a call.

A REAL BARGAIN.

If you are looking for an investment that is a sure winner, buy half of block 16 at Whitwood Court. The tract is 100x600, lays fine and lots across from it are now selling at $350 for 50x100. If cut into lots $3000 could easily be realized, and then the lots would be cheaper than any can be brought for in that neighborhood. In five years $10,000 would not be an exorbitant price. If taken at once $1800 buys it, $500 cash, $500 in six months and the balance at $10 per month. B. H. Blanding, real estate office, Whitwood Court.

No better meats were ever sold anywhere than can always be found at T. P. Ward's market. "Quality wins" is his motto and he lives right up to it. The prices are as low as good meat can be sold for and allow a living profit. If you want good meat go to Ward's, if not go somewhere else. Special prices on Saturday.

RESOLUTION

It is resolved by the city of St. Johns:

That it deems it expedient and necessary to improve Crawford street, from the East line of Salem street to the West line of Richmond street in the city of St. Johns in the following manner to wit:

To be graded to grade established by cut and fill, and by sidewalking same on both sides with 6-foot cement sidewalk, 12-foot curb and by crushed rock from curb to curb from westerly side line of Burlington street to Richmond street 12 inches in center 6 inches on either side, and by placing a strip of crushed rock 16 feet wide from west side line of Burlington street to east side line of Salem street, said rock to be 8 inches in center 6 inches on either side, with necessary wooden cross walks and box guttters; said walk and curb to have expansion joints as directed by city engineer. Curb to have 4-inch tile drains every 50 feet.

All work to be done according to the plans and specfications of the city engineer on file in the office of the city recorder relative thereto, which said plans and specifications and estimates are satisfactory and are hereby approved. Said improvements to be made in accordance with the charter and ordinances of the city of St. Johns, and under the supervision and direction of the city engineer.

That the cost of said improvement to be assessed as provided by the city charter upon the property especially and particularly benefited thereby, and which is hereby declared to be all of lots, parts of lots, blocks and parcels of land between the termini of such improvements abutting upon, adjacent or proximate to said Crawford street, from the marginal lines of said street back to the center of the block or blocks or tracts of land abutting thereon or proximate thereto.

That all the property included in said improvement district aforesaid is hereby declared to be "Local Improvement District No. 31."

That the city engineer's assessment of the probable total cost of said improvement of said Crawford street is $7135.17.

That the cost of said Crawford street to be assessed against the property in said local assessment district as provided by the city charter of the city of St. Johns.

Adopted the 28th day of September, 1909.

A. M. ESSON,
Recorder.
