Many St. Johns people will travel to Portland tomorrow to get a look at President Taft's smiling visage.

E. T. Bolden has purchased ten acres of fruit land at Hood River and left with his family this week to take possession of same.

P. W. Hinman left Monday morning for an extended Eastern trip. He expects to visit friends in Michigan, Iowa and New York before returning to St. Johns.

C. Stockton and wife left Sunday for their Colorado home, after several weeks spent in this locality. They think so much of this country that they expect to return and enroll as permanent residents next year.

Chas. Scauff, the florist, brought a bunch of the finest pansies we have yet seen to the Review office the first of the week. They were beauties in every sense of the word, and for this time of year are remarkable.

Dr. Mary MacLachlan has given up her practice here and has decided to locate in Portland. Dr. L. E. Graves, a lady physician, well known to many of our citizens, will succeed her. Dr. Mary's departure is greatly regretted by her hosts of friends and patients here and the best wishes of all go with her to her new location.

W. Bantam, formerly chief clerk under J. B. Glover, has been appointed agent at Stockdale, jointly for the O. R. & N. and S. P. & S. railway. Stockdale is now an open station for car load business. A day and night train crew are handling the business around the St. Johns line, including an interchange of cars at Stockdale.

Miss Emeline Mason and Arthur Wheeler were united in marriage at the home of the bride in this city Sunday, Sept. 19th, at 6 o'clock p. m. Rev. J. R. Johnson of the Church of Christ pronouncing the words that made the two one. The young couple have departed for Dakota, where they will make their future home.

Prof. C. L. Martzoff and wife of Athens, Ohio, were guests of their old friends and neighbors, E. B. Holcomb and family, on Thursday of last week. Mr. Martzoff is professor at the Ohio University at Athens. Both were delighted with St. Johns and expect to return soon again. They visited the Seattle exposition before they returned home.

Upon investigation it has been found that the cement being used by W. S. Lauthers in the concrete sidewalks along Willis boulevard in Portland Standard cement and is being used extensively for concrete sidewalks. Much of it is being used in Portland and it has been employed almost exclusively in street improvement in St. Johns this year. Therefore, the report that it is of poor quality is erroneous and unfounded.

The woolen mill base ball team, under the able management of J. Crouch, wound up the season last Sunday by defeating the Arbor Lodge team by a score of 6 to 4 on the local grounds. This club has made quite a record this year, having played nine games and won them all. They got started late in the season, and with the short practice they obtained, played remarkably well. Alf Wolfe pitched the game Sunday for the locals and his cannon ball delivery had the Lodge boys scared to death. Next season the woolen mill team will likely begin operations earlier and their string of scups will then be more extensive.

Preach the gospel of St. Johns.

A young lad by the name of Donaldson came in contact with the heels of Al Harris' colt one day last week, and as a result has been under the doctor's care with several teeth missing and other severe injuries sustained.

Frank Wimple of Ithaca, Mich., spent a few hours with his old friend and neighbor, H. S. Satterlee, Monday. Mr. Wimple is already so much in love with this part of the world that he has decided to stay. He has a home in Portland and will make his home with him for the present, but he much prefers St. Johns to Portland.

A gang of young boys in St. Johns have been in the habit of breaking panes of glass in vacant houses whenever they run across one. What pleasure or enjoyment they find in such an occupation is difficult to determine. They are now being watched, however, and the first one caught in this despicable act will get the full limit of the law, and furnish an example for all other evil doers in the same class. Any one knowing the names of any of these boys would do well to hand the information to the chief of police.
