"THE SAFEST WAY IS THE STRAIGHTEST WAY"

THE ROOT OF CONFIDENCE IS VALUE—NOT TALK

We've been telling our customers that we are responsible for our merchandise, and we were careful not to make claims that were stronger than our merchandise. We don't charge a big profit. We would rather sell a lot of goods at a low margin and know that you are satisfied with the big values you get. We have found out early in our business experience that there's no profit in selling a person their first bill of goods if it's their last. Talk won't bring you back if you think you are not getting value and good treatment. That's the chief reason why we handle good goods. A trial will convince you.

"Dad" Johnson, father of Councilman Johnson of this city, is the owner of a remarkable natural curiosity which he accidentally ran across some time ago. The curiosity is on exhibition at Tom Glover's, and is well worth seeing.
