“Results Cannot be Measured by Ambition.”

We'd like to give Ten Dollars Worth for five, but we don't mistake the desire for the fact. The utmost limit of value is money's worth. That is the farthest goal we've ever reached, and when we reached there, we did not see any footprints beyond. We sell merchandise with all the skill, with all the honor, with all the care that we can command. We remember that 10 years of experience can be destroyed by a single season of carelessness or deception. Friendship, past dealings, or promises can't avail against experience. The moment we don't earn a sale, we learn to fall. “A pair of Selz Royal Blue shoes will convince you.”

About three years ago a little grocery store opened up at Cedar Park for business. Its stock was small, its trade was small—in fact they used a wheelbarrow for a delivery wagon, but the proprietors' confidence was large and their ability was on par with the average. With honest goods, honest prices and courteous treatment they have built up their business until today they have two large stores—one in East St. Johns and the old one at Cedar Park—each stocked with a large and complete line of goods and each having an enviable patronage.

This is one of the pioneer stores of this city. Coming to St. Johns about four years ago, the store was started on a comparatively small scale, but it has steadily kept step with the progress of the city, and today it is the largest and best stocked store in St. Johns. Groceries, staple and fancy, are here to be found in great variety and abundance. Dry goods, shoes, notions, mens' clothing, etc., are ever kept in stock. Courtesy to customers, strict attendance to business and prices as low as good goods can be sold for has placed this store in the front rank.

When St. Johns was first struggling to emerge from a small village to a broader and wider life, one of its greatest needs was found to be a bank. Its very best and most substantial citizens then got together and established such a concern. It was started right, and it has been right ever since. The people always felt that their money was perfectly safe when it was deposited there, and the soundness of the institution was never in question. Today there is no better, sounder or more substantial bank to be found in any city of the size of this one anywhere in Uncle Sam's domain.

HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, Etc. Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co. of Chicago, and our long experience with this remedy has given us great confidence in its merits.
