The piece is 100x600 feet, lays fine and almost level. Lots across the street from it are selling at \$350 upward. If this piece was cut into lots \$3000 could easily be realized, and then the lots would be much cheaper than any can be bought for in that neighborhood. In five years \$5000 would not be an exorbitant price. IF TAKEN AT ONCE \$1800 BUYS IT—\$500 down; \$500 in six months and the balance at \$10 per month—or, \$1500 cash will secure it. If the money was not badly needed \$3000 cash would not take it. For further information see

A Happy New Year.

We take this opportunity of wishing our many customers a happy and prosperous New Year. We only hope the coming year will be as prosperous for ourselves as has been the year just ending. But prosperity should be, we think, our reward, for it has required painstaking up to date business methods to gain it. We have put into stock every article the community seemed to require, and, consequently, disappointments are few. And yet we have no dead stock, no stale or shelf-worn goods to be disposed of at a discount, to which fact we wish to call the public's attention especially.

May the Horn of Plenty share its good things with you all for nineteen-teen is our sincere wish. **ST. JOHNS PHARMACY.**

In making up your assortment of good resolutions for the new year, be sure and do not overlook one of the most important. And that is to resolve to buy your meats for 1910 at a market where only good meats are handled, where no question has ever been raised as to its goodness and where fair treatment and courtesy ever hold sway. If you do this you will naturally conclude that Bitgood & Cole will get your trade during 1910 because they measure up fully to the above conditions. If you are undecided, ask any patron of this market as to the conditions existing there and of the treatment they receive at their hands and the result is assured—you will buy your meat at Bitgood & Cole's.
