If you are looking for an investment that is a sure winner buy half of block 16 at
WHITWOOD COURT

The piece is 100x600 feet, lays fine and almost level. Lots across the street from it are selling at \$350 upward. If this piece was cut into lots \$3000 could easily be realized, and then the lots would be much cheaper than any can be bought for in that neighborhood. In five years \$5000 would not be an exorbitant price. IF TAKEN AT ONCE \$1800 BUYS IT—\$500 down; \$500 in six months and the balance at \$10 per month—or, \$1500 cash will secure it. If the money was not badly needed \$3000 cash would not take it. For further information see
