FRIDAY, MARCH 4, 1901.

## ANNOUNCEMENT.

I shall be an INDEPENDENT Candidate for the office of City Attorney for St. Johns, Oregon, for the ensuing term. My platform shall be "Strict adherence to my oath of office, if elected." Absolutely no other pledge to any person or party. If any man says differently, demand his proof. Geo. J. Perkins, Att'y.

Since it is more than probable that the liquor question will be an issue at the April election, we desire to state our position in the matter. The Review will favor neither one side or the other. Anything we might say in favor of one side or the other should have little or no weight anyway, because a "man is not a man" who does not know how he should vote on this question, and if he can be swayed to either one side or the other by what the editor might say, he is not fit to vote. It is a question that all are familiar with, and it is as old as the hills. No new light can be brought out, apparently. It is for the people to decide whether a dry town or a wet one is best, whether conditions are better in a wet town or in a dry one. We have all had experience in both during the past couple of years, and you should judge for yourselves. The Review will take the "middle of the road" on the issue. Not because we fear to take sides, but because it would be poor policy, poor judgment and of no avail to do so. If either side desires to air their views in the Review they may do so at our regular advertising rates, but our editorial column will surely not be used in advocating either one side or the other.

If those large employers of labor who gain a reputation for generosity by giving a comparatively small amount of their immense profits to charity would only put more money in the pay envelopes of their employees, how much better it would be all round.

## RESOLUTION

It is resolved by the city of St. Johns.

That it deems it expedient and necessary to improve Thompson street, from the east line of Willis boulevard to the west line of Myers street in the city of St. Johns in the following manner, to wit:

By grading same to established grade by cut and fill, and by placing cement sidewalk on either side thereof entire length, said walk to be six feet wide, 12 foot curb, and all necessary wooden cross walks and box gutters; also by placing a strip of macadam in center of said street to feet wide, 8 inches in center, 6 inches on either side. Said strip of macadam to run full length of street. Said walk and curb to have expansion joints as directed by the city engineer. Also to place 4 inch tile drains every 50 feet in curb; also hitch ridges as directed by the city engineer.

All work to be according to the plans and specifications of the city engineer on file in the office of the city recorder relative thereto, which plans and specifications and estimates of such improvements are hereby approved. Said improvements to be made in accordance with the charter and ordinances of the city of St. Johns, and under the supervision and direction of the city engineer.

That the cost of said improvement to be assessed as provided by the city charter upon the property especially and particularly benefited thereby, and which is hereby declared to be all of lots, parts of lots, blocks and parcels of land between the terminal of such improvements abutting upon, adjacent or proximate to said Thompson street, from the marginal lines of said street back to the center of the block or blocks or tracts of land abutting thereon or proximate thereto.

That all the property included in said improvement district aforesaid is hereby declared to be "Local Improvement District No. 32."

That the city engineer's assessment of the probable total cost of said improvement of said Thompson street is \$5,676.51.

That the cost of said Thompson street to be assessed against the property in said local assessment district as provided by the city charter of the city of St. Johns.

Adopted the 15th day of February, 1901.

A. M. ESSON, Recorder.

Register now, while you think of it.

The political situation in St. Johns as yet is pretty uncertain. The St. Johns Protective Association claim they will have no ticket in the field, but it is pretty generally understood that there will be a dry ticket in the field nevertheless, and that it may not be made public until the last minute. The wet element will have a ticket also, we understand. So there promises to be something doing in a political way in a few days.

Roosevelt is headed for the United States after one of the most wanton, useless and most cruel slaughters of wild beasts ever recorded in the same length of time. Whatever other result may have been obtained, it is likely that Teddy's fierce desire to kill for the sake of killing will be satiated for some little time to come. The reason game is getting so scarce in the United States is because there have been so many men with a mania like Roosevelt's for killing defenseless animals. Certainly Teddy has not raised himself in the estimation of the general public by his senseless killing and maiming in Africa.

Say, Mr. Voter, do you know you will have to register again this year if you want to vote without being challenged and put to a lot of needless trouble? The books are now open at the city recorder's office, where an opportunity of registering will be given until five days before the election. Don't put this important matter off, even if it is a humbug and nuisance to register every year. It is only another Oregon law that needs fixing badly, but since it is in force it must be complied with.
