### THE WHITE PLAGUE.

Are you interested in the crusade against tuberculosis? You ought to be. It may come along some day, if it has not already, and claim you as one of its victims. Fully two hundred thousand people die yearly of this dread disease in the United States alone. Will you be a new victim in 1910?

Our national executive appointed Sunday, April 23, with a recommendation that as far as possible every church should discourse on the prevention of this White Plague.

In as much as it has not been taken up fully in the churches, we, the ladies of the Woman's Christian Temperance Union feel that an hour could be most profitably spent in a clear setting forth of the prevention and cure of this disease and have gained the consent of Dr. Carey of St. Johns to give us a free lecture on next Monday evening at the M. E. Church.

Attention to this lecture may save your life or that of one of your family; so let every one feel it a privilege and a duty, too, to come and bring some one with them.

It is apparent to all that such a lecture is timely; so do not forget the date, Monday, May 16, 8 o'clock p. m. Good music. Absolutely free, no collection. MRS. J. C. SCOTT.

We have plenty for all.

## Honesty the Best Policy

Once and for all, let every man, woman and child of us realize that if a business is to be built in any line, whether retail or manufacturing, it must be built in the clear light of day with methods that are open and above board, and hands that are clean and upright. When a man begins to feel that he must HOCUS POCUS his customers in order to give them satisfaction—when he feels that he must apologize for his wares by making them appear what they are not—when he begins to tincture his goods with the flavor of deception, either direct or implied, then look out below—that man is sabotaging his business straight for the discard class, and it will not be long before he has DR. COOKED his reputation and put the KIBOSH on his good will. It don't hurt a FACT to HAMMER it. We have always contended WE are the OLDEST and MOST RELIABLE DISTRIBUTORS OF MERCHANDISE in St. Johns. We still make the same claim and are here to PROVE IT. When we have a bargain we give it to our customers. We would most respectfully request that after you have visited some of the so-called bargain sales in this city and others, that you compare prices with ours. We have never tried to take advantage of a customer by offering baits in something they are posted in and then holding them up on something they are not posted in. We would ask that you call at our store and get our prices on some goods that are not moving as fast as we would have them.
