## It is the Individual Attention of the Merchant Tailor that Counts

Merchant Tailors do more than fit you. They express your individuality—your class. They set you apart from the man whose clothes merely fit his figure. Merchant Tailor Clothes give you an air of success. Clothes that are made for No Man in Particular cannot serve as well as clothes made for you. The Merchant Tailor is the style exponent of men's wear. We study you and your personality. We aim to fit both. We give you our individual attention, our personal care and skill. We advise you what is correct and becoming. We give you the benefit of our judgment in the selection of reliable materials. We make your garments express individuality and emphasize character—garments that every man can see were made for you. Such garments give a satisfied feeling of confidence that is entirely unknown to wearers of clothes that are made and sold in bulk lots. Merchant Tailor clothes are a business investment—not an expense. CLEANING, PRESSING AND REPAIRING.

## Honesty the Best Policy

Once and for all, let every man, woman and child of us realize that if a business is to be built in any line, whether retail or manufacturing, it must be built in the clear light of day with methods that are open and above board, and hands that are clean and upright. When a man begins to feel that he must HOCUS POCUS his customers in order to give them satisfaction—when he begins to tincture his goods with the flavor of deception, either direct or implied, then look out below—that man is toying with his business straight for the discard class, and it will not be long before he has DR. COOKED his reputation and put the KIBOSH on his good will. It don't hurt a FACT to HAMMER it. We have always contended WE are the OLDEST and MOST RELIABLE DISTRIBUTORS of MERCHANDISE in St. Johns. We still make the same claim and are here to PROVE IT. When we have a bargain we give it to our customers. We would most respectfully request that after you have visited some of the so-called bargain sales in this city and others, that you compare prices with ours. We have never tried to take advantage of a customer by offering baits in something they are posted in and then holding them up on something they are not posted in. We would ask that you call at our store and get our prices on some goods that are not moving as fast as we would have them.
