### Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives NO outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none is outside heating.

### New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wick with a cloth flame it—consequently there is no smell.

The New Perfection Oil Cook-stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot.

It has long turquoise-blue enamel china drawers. The rich finish, with the bright blue of the chimney, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

### WHEN YOUR MEALS DISAGREE

It is certainly time to take immediate action if you would ward off a serious sick spell. It is positive proof of a weak stomach and deranged digestion and for which you cannot take a better medicine than Hostetter's Stomach Bitters; but remember this, the longer you put off giving the assistance needed by the digestive system the harder it is going to be to cure you. We know of hundreds of cases, taken in hand at the very beginning, in which a short course of the Bitters proved very efficacious. Therefore, be persuaded to get a bottle today from your druggist or dealer, and thus avoid all possible danger of a sick spell. It is a wonderful tonic and invigorant for overworked, nervous and run-down persons, and in cases of Poor Appetite, Bloating, Heartburn, Indigestion, Dyspepsia, Costiveness and Malaria it is the best.

### TRIALS OF THE NERVOUS

Dr. Eugene Doyen explained at the International Congress of Physiotherapy in Paris his treatment of cancer by means of electrically produced heat. The secret of the discovery is that the cancerous cells are destroyed by a temperature of from 50 to 55 degrees centigrade, which is entirely harmless to healthy cells. The method shows wonderful results, he says, in eliminating the mass of the tumor in all lesions which are accessible to an electrical current, artificially applied. The heating of the tissues follows immediately upon the coagulation of the cancerous cells.

### THE COUNTRY'S GROWTH

The growth of our country and the increase in the volume of business can be realized no better than by a comparison of the number of pieces of mail matter handled annually. The total for 1889 was 3,950,200,000 pieces, including letters, postal cards, newspapers, printed matter and packages of every sort. Twenty years later the total was four times as great, and reached 15,173,340,329.

The advances have been remarkably regular year after year and at the rate of about 100 per cent every five years. In 1847, the year when postage stamps were first issued, the total number of pieces that passed through the mails was 114,175,450.

A considerable part of the increase during the last ten years has been due to rural delivery. Farmers are now able to receive newspapers, letters and other mail matter at their doorsteps without leaving their plows or their harvest fields and driving into town.

There are now nearly 40,000 rural delivery carriers who are paid \$35,000, 900 a year for carrying the letters and newspapers to the country homes in the United States, and together they traveled last year more than 1,000,000 miles a day. The rural delivery service is now thirteen years old, and it has been the greatest success of any new idea that has been introduced into the administration of our government.

The Postoffice Department will renew its efforts to secure a law authorizing a parcel post service so that farmers' wives can do their shopping by mail, but the opposition from the country merchants, who fear their trade will be diverted to the cities, is so determined that it is doubtful whether Congress will act.

It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Only those who buy the genuine Syrup of Figs and Elixir of Senna can hope to get its beneficial effects, and as a guarantee of the excellence of the remedy, the full name of the company—California Fig Syrup Co.—is printed on the front of every package, and without it any preparation offered as Syrup of Figs and Elixir of Senna is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs and Elixir of Senna is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere; one size only. Regular price 50 cents per bottle. Get a bottle today to have in the house when needed.
