FRIDAY, JUNE 24, 1910

Now that we are going to have a Fourth of July celebration, our back and front yards should present a neat appearance. All old cans and trash of every description should be removed. Hundreds of visitors will be here, and the city should present as attractive appearance as possible.

Perhaps if the big department stores in Portland had closed one day during the recent rose carnival, giving their clerks a needed and deserved rest, and showing to the people their consideration to their employes, and proving that they were loyal to the promoters of the carnival, they would have done a better business.

Letter from A. T. Boldon

North Powder, Ore., June 19, 1910. Dear Mr. Editor: Your kindness in publishing my other communication from Council, Idaho, led me to write again, and hope that your readers may bear with me in giving in detail what my impressions are of Eastern Oregon.

Perrine on Hinduism.

Editor Review: I noticed in your last issue an article "on Hinduism" by our esteemed friend, Capt. Snow, in which he said many good things. They "are here as a carload of cattle are at the stock yards of any market of the Pacific coast."

Snow Has a Dream

Editor Review: Dare I again ask your indulgence and space for a dream? On the night of June 21, after a long interview with the moguls of the socialist movement in the city of St. Johns, they well knowing that I was an avowed and staunch republican, and to dissuade me and convert me to the socialist belief held out to me the following inducements based upon the following facts, saying: "If you will indorse the socialistic doctrines I, Geo. L. Perrine, and I, Charles Anderson, will see that you wear diamonds if you espouse our cause."

who have ever been at Yakama and Zilla, typhoid fever is very prevalent as a result of using water from ditches, but not so over here in Southern Idaho and Eastern Oregon as in any of the irrigated districts, for as pure water as can come from snow capped mountains is this water. All through where I have been this summer, people drink from ditches and dippers are left where ditches cross roads so that the weary traveler can quench his thirst with cold water as pure as can be. I stayed in Eagle Valley 10 days, then staged it across to Baker City, 45 miles, over mountains nearly 5,000 feet above sea level. At Baker City it is 3,500 feet above sea level and again in a wide valley, all, or nearly all, under irrigation, but not such a fruit country as Eagle Valley, more stock raising and alfalfa. Only a few days at Baker City, then on to Haines in same valley, 10 or 12 miles down valley. There we staked down for about 10 days. Not so hot here as it was in Eagle Valley owing to altitude and snow covered mountains all around, only a few miles distant, and here too, fine cold water in all the irrigation ditches coming as it does from snow capped mountains. At Haines a great number of the farmers have their own automobiles and at eventide there can be seen autos bobbing in all directions. Here is one of the hot springs over which an immense hotel has been erected and running in full blast, where for 25 cents one can take a plunge bath in water heated by central fires of old earth. Here at North Powder, 10 miles toward Lagrand from Haines, it is 3,400 feet above sea level and surrounded by snow-capped mountains, fine water, and town has about 500 to 1,000 people. All irrigation, alfalfa and stock raising. A. T. Boldon.

From Old "Arkansaw." (Published at request of J. E. Johnson) Spupidike Postoffs, Arkansas, June the 16th 1910. A meetin' wuz held at this pint bekuz why the soshulists hez bin a fillin' the kentry with litterature which haz a injurious affect on the rizin' jenerations and an insult to the intelliense uv the public in jenal. Hon. Hezekiar Bonebrake presided over the meetin'; Jeremy and Sally Ann Googresse sang a doitt--"My Country tis uv Thee Sweet Land uv Libertee." Hon. Benj. Binkson wuz interjused by the presidin' officer, Hezekiar Bonebrake, who set fourth in solom terms as how the intelliense uv the voters hed bin insultid by the editur uv the Appeal to rezain in prezumtin that the wud accept his absurd docktrin, that it wuz a potitikal party, fatherless, motherless, and born without skin. He wished to infur thet there wuz no inside, or outside, topside or bottomsides to 'em; but simply a cuss to the American people. To further vuv my sentiments, we will now listen to the gifted orator, Hon. Benj. Binkson, who reseved grate applauze: "Feller Sitzenz:" wuz the openin' uv hiz speech which wuz short and to the pint. "It gives me grate pleazure to attempt to address this intelliigent aujense. The subjeet fer tonite's diskushin is: Is soshulism goin to benefit Spupidike, Arkansas, or not?" Criz uv no, no, wuz herd all over the aujense. "We will commense to annalize in the fut; please it is agin natral laws to make all uv humanity co-oprate, coz why; thers diffrent talents and abilities, to compell them to co-oprate is just as absurd as makin' the whole creation work in the same spher. Seck-ond phase: the soshulist party is made up uv the ignorant and illitrate uv the kentry, men who hev made absolute falures in life; tu cused lazy to wurk. I ax you feller sitenz kin this grand, glorious kentry be run by a set uv hoodlums and falures in life? Kin the blind lead them that kin see? Kin the anarkist from the forun kentries, who is fillin' up the rank and file uv the soshulists serve Spupidike, Arkansas?" Criz uv no, no, not on your tintipe, wuz herd all over the aujense. "The third pint I wish to present to you my feller sitenz as I look over this aujense, I see the rizin' jenerashun, which is the hope uv the kentry. To allow the young men and boys to read the Appeal to rezain is pizin to a republickan form uv government. To adopt his wilcard theoris means a complete everturin' uv our democratick institushuns and a form the Lord only knows what it would be. I don't believe there is one socialist outen fifty thet knows what he believes. My fourth pint I wish to impress on you is thet soshulists decouase enterprize uv any karakter, coz why, individual ownership is the foundation uv enterprize." With these fu remark the grate orature sat down midst decfenin' applauze. Yours, Jermia Whoopidike.
