That We Have

Is the kindly recommendation of our SATISFIED patrons. One tells another and we witness every day the POWER of that influence.

From our long experience in the furniture business, we KNOW which factories make the BEST LINES and sell at the lowest prices.

For instance take LENTZ TABLES: They are made of Michigan's famous white oak. We are able to buy them by the car load, and we know that the Quality and Price is right.

It is the same way with our Stand Tables, Library Tables, Dressers, etc., etc. We invite your inspection and comparison.
