An agitation is on foot to create a new county out of parts of Multnomah and Clackamas counties, the western boundary line to be the Willamette river. The people of St. Johns will offer no objections if St. Johns is made the county seat. If the project would go through as proposed, West Portland would be left out in the cold.

Many of the stores in St. Johns and other places have inaugurated the annual custom of holding mid-summer bargain sales. Because we need the money, we have decided to adopt this plan in regard to subscription. Therefore, for the next thirty days the price of the Review will be placed at one dollar per year, the rate charged when the paper was only half as large as now. All those in arrears may also settle at this rate.
