William Blaum, who was a guest at the home of W. E. Ashbey a week or more the past summer, was accidentally killed while unloading cars at the depot in Seattle last week. He was a young man and had only been married for a short while. His home was in Evelyn, Ill., to which point the remains were conveyed for burial. Mr. Blaum had expressed his intention of coming to St. Johns to reside in the near future, but death intervened.

The church banquet announced to have occurred on Wednesday evening of this week was postponed owing to the weather being so bad that the new parsonage could not be completed in time. The banquet will be given at the church here on Friday evening, October 14, 1910. It will be an occasion of much importance. Besides the bountiful spread there will be a program consisting of speeches by some of Portland's best talent together with excellent musical numbers. It is not to be an exclusive event, but all our fellow townsmen are invited. Tickets entitling one to the banquet and program together with the privilege of inspecting the new parish house will be 50 cents.

L. E. Rose, one of Bonham & Carrier's efficient clerks, has been on the sick list for a few days.

The Rebekahs have planned for a rousing good time at their meeting next Wednesday night. A fine program is being arranged and refreshments will be served. All members please make a note of this and be in attendance.

A. A. Schrimser, who was credited last week by the Portland Journal with circulating a petition to have the police force dismissed, states that he never signed, circulated or even saw such a petition. How the Journal got the story is hard to tell, but in justice to Mr. Schrimser, we take pleasure in publishing his denial.

ST. JOHNS PHARMACY

"Advanced Business Methods."

"The Annexation Question"

Is a vital question with the people of St. Johns, but equally so is the question of where to get the best drugs and sundries at the lowest prices. Annexation to Portland may be a good thing for St. Johns and it may not, but one thing is certain---better drugs at cheaper prices than the North Bank Pharmacy sells them for cannot be found in the whole city of Portland. Only a bare living profit is attached to any article sold at this pharmacy. To be convinced, there is no better way than to give it a trial.
