

Crescent Range Faultless Heater

Made in St. Johns

Built to Bake

The Crescent—our Special range is especially built to bake quickly and perfectly with the very smallest consumption of fuel. An exceptionally thick lining of asbestos between the two heavy sheets of steel that form the body makes it a perfect heat retainer. No heat is wasted; the cooking surfaces get all the benefit. The one-piece oven of 16-gauge boiler steel heavily braced on top, is a special feature with the Crescent. The castings are very heavy new gray iron and the nickel trimmings are absolutely plain. Easily kept, easily operated, saving in fuel and built to last a lifetime. The Crescent is one of the best values in the store at...

Winter Comfort

The Faultless Heater is a real beauty and one of the best radiators of heat we have ever been able to secure. The ventilated cast fire-box with air chamber between the body is a special feature with this heater. The slide top admits a large stick of wood and is covered with a nickel dome mounted with an urn. The crown rim, foot rest and bell draft are also nickel of the heaviest quality. It is a splendid value and is but one of a large line of fuel savers. Do not fail to see these heaters before you buy; no charge for setting up.

Subject Sunday morning at the Evangelical church: "Anointing the Spirit." Evening subject: "Why Prohibition Does Not (?) Prohibit?" Rev. C. P. Gates, pastor.

A rousing prohibition rally was held in the Baptist church Tuesday evening. Rev. C. P. Gates took up the subject of "Home Rule" and gave a most vigorous address. Rev. C. L. Owen followed with a stirring dissertation on "Prohibition." Both speakers handled their subjects without gloves and their telling remarks were heartily applauded by the large audience present.

Whoot! Whoot!

That's a noise like an owl, as near as we can write it. Years ago when the first druggist dared to cut the regular selling price of drugs and medicines, he was dubbed an "owl," and from that time on, all cutters have been called owls. The list of prices below is a "special" way we have of making a noise like an owl.

We are better able to supply the trade with freshly made goods, at closer prices, because we receive factory shipments from Parke-Davis Co., Detroit, Mich.; John Wyeth & Bro., Philadelphia; Colgate & Co., New York City; Wm. R. Warner & Co., Philadelphia; Burrows & Wellcome, London; H. K. Mulford Co., Philadelphia; American Drug-gist Syndicate, New York City; Pfeiffer Chemical Co., St. Louis.

You had better get the habit of trading with us as we are positive that your money will buy "just a little more" at our store, than elsewhere.
