WAYS TO SAVE

From every month's salary you receive, must be paid your living expenses, clothing, food, rent and incidentals.

"And incidentals" usually includes any number of needless spending items—often the total is as much as the other three items of necessity.

Why not bank \$5.00 a week and charge it to "incidentals"? You will not miss it in your expense account, yet it will be where you can have it for use in case of necessity.

Start a savings account today. \$1 is sufficient for the first deposit.
