A cordial welcome to all. Strangers especially invited. F. N. Sandifer.

Calef Bros' popular house furnishing and furniture establishment will hold a reception Monday, January 2nd from 1 to 5 p. m. The general manager, A. C. Gesler, has something under his hat, but all we were able to pump out of him was that there would be music, we suppose a feast of reason and flow of soul and Mr. Gesler says a number of valuable prizes would be given. It will pay every household in St. Johns to pay his or her respects to Brother Gesler at the appointed time.

A number of houses have been projected for Whitwood Court in the spring.

Ned Smith of Eugene is visiting the family of G. L. Fassett of 910 Decatur street.

Mr. J. Norval Gates, of Dallas is visiting this week with his brother, Rev C. P. Gates.

Some splendid calendars were distributed by some of the business houses the past week.

A car jumped the track on the trolley line near the East St. Johns stop last week, but no one was seriously injured. Had it occurred about 400 feet nearer the bridge both cars would undoubtedly have been carried over the embankment to the railroad track in the bottom of the cut.

The Portland Orchestra will give a grand ball in Stevenson, Wash., January 14th, supper being served at the Stevenson hotel. Tickets \$1.00.

For Sale.—5-room modern cottage on boulevard. Will sell on easy payment down. Come quick before the new street car line comes along by it. See S. W. Rogers, 309 No. Jersey.

A slight fire occurred in the upper western wing of the Holbrook block Saturday afternoon, caused by a defective flue. The fire department was quickly upon the scene and subdued the flames with little effort. The damage amounted to about \$50.

Wanted to Rent.—Responsible party wishes furnished housekeeping rooms or furnished house.—Earl Stanger, St. Johns.

Congressman-elect A. W. Lafferty has purchased the L. G. Gillette residence near the Government moorings and will likely occupy the same in the spring.

What's the matter with our pretty girls? Can't they get onto the combination of our Bachelor's Club and break into their domain? See in another place in this issue how these worthies are prognosticating great things for the coming year. You will have to get busy, girls, or as a matter of self defense you will have to organize a Society of Delectable Old Maids.

Baptist Church—Sunday is installation day at the Baptist church. At the morning service the new officers will be installed. The evening service will begin at 7 o'clock. A special musical program has been prepared by the B. Y. P. U. Prof. Peterson's orchestra will give several selections. Subject, a m.: "Open Doors; 7:30 p. m.: "The Young People and the Church."

## A Sour Stomach Makes a Sour Man

This is the day of the optimist. The "don't worry" man is a genial, smiling chap who looks forward to a bright future of health and happiness—and wealth too, of course.

The pessimist is scorned. He is blamed for surly and gloomy disposition and receives no sympathy for his morbid forebodings. It isn't altogether right.

Many a man gets the reputation for having a sour disposition, when the truth of the matter is that he has a sour stomach.

## Nyal's Dyspepsia Tablets will help that man

They contain pepsin and diastase in scientific proportions. He can eat what he likes and what the pepsin fails to digest the diastase will take care of.

A good digestion is a blessing; Nyal's Dyspepsia Tablets bring a blessing. Two sizes, 25 cents and 50 cents.

Besides good goods you get good treatment at our store. Always glad to have people come in and look around, whether they want to buy or not. We wait on you promptly, give you what you ask for but never tease anyone to buy anything.

We have taken the agency for the Marvelous Electropodes. We will reprint the directions for using same, which at the same time will speak for some of their virtues:

Put one ELECTROPODE in each shoe, with the metal up or next to the hose. If the feet perspire enough to keep the bottom of the hose damp, the ELECTROPODES will need no further attention until worn out. If the feet do not perspire, then the ELECTROPODES must be soaked in pure cider vinegar every morning.

If the pains are in the arms, shoulders or breast, you should have two pairs. One to wear in your shoes and one to wear on your wrists at night. Be careful not to tie too tight or they will blister. In severe and stubborn cases wear both pairs at night, directly against the skin. This will hasten relief.

Rheumatism and all nervous ailments are cured in from 10 to 60 days; it depends entirely upon how susceptible the patient is to electricity as to the time required to cure.

Be patient and wear them for 25 days as per contract on the box, and if the bad odors of the feet and armpits disappear and the white metal pole begins to corrode and get rough, you can rest assured that relief is at hand and a cure will be effected. The life of ELECTROPODE is from 30 to 90 days, depending upon the amount of uric acid in the system.

When the white metal zinc pole becomes corroded and eaten up you will require a new pair. In severe cases of rheumatism it often takes three pairs to effect a permanent cure.
