We have had quite a taste of winter weather the past week or so. Several inches of snow fell, but the weather continued moderate through it all. A little sunshine and a Chinook rain has played havoc with the mantle of white, however.

Saturday evening, Jan. 27, the Socialist Local of St. Johns will march with banners, on the principal streets of St. Johns, in protest of the fine and imprisonment of Fred D. Warren. Immediately afterward there will be speaking in the M. W. A. Hall. All are invited to be there and members are urged to be out for the parade at 7:00 p. m.

"Yes, there she is! There's no bum hug there." Philo Christo Entertainment, Bickner Hall tonight.

Hon. K. C. Couch, armed with numerous and influential signatures asking for a free ferry at St. Johns, is at Salem trying to lobby the bill through the legislature. It is sincerely hoped that he will succeed in his laudable purpose.

J. H. Koberg of Hood River was here several days last week getting a line on hard surfacing. The "Apple City" contemplates doing considerable hard surfacing this year, and Mr. Koberg was sent out as a scout to look into the merits of the various pavements. From what he has been able to learn of Westrumite, he is very favorably impressed, and will await the return of our emissaries in Chicago and hearing their report before making any recommendation to the Hood River council.

Better than Castor Oil

Children detest castor oil and who can blame them—you do yourself and why expect them to take it?—it is entirely too harsh for a tender stomach.

What they need is something that is mild in its action—does not gripe and at the same time is effective in all cases of constipation and troubles arising from indigestion—something they will like to take.

Nyal's Laxena can be given the younger ones with perfect safety—pleasant to take and sure in its action

it does away with the use of castor oil and other nauseating laxatives.

Always give your children Nyal's Laxena. Twenty-five cents the bottle.

When we had a chance to get the exclusive selling agency for Nyal's Family Remedies, we jumped at it. They are known among all druggists as the highest quality line on the market, and are prepared by a great firm of manufacturing chemists, famous for fifty years.

TRY IT THESE COLD DAYS

Place your household electric fan on the floor near a steam or hot water radiator.

Point the fan in the direction of the radiator—straight at it.

Notice the difference in the temperature of the room in a few minutes.

The fan makes the radiator warm more air without the consumption of additional fuel.

Try the experiment suggested and see if it doesn't help you save on coal bills.

A DEFI!

No, you can't do it, you association of high priced drug stores—you can't put us out of business. You had better leave well enough alone. We're down here in little dinky old St. Johns, away from the greater channels of trade, not interfering with your trade at all—just making St. Johns dollars go a little bit farther than you or anybody else is able to do, so why are you so annoyed? If, by our methods of conducting a drug store, our prices attract some of your trade away from you, don't threaten to annihilate us by your combined strength, but set about to get back your lost trade in as legitimate a way as it was taken away from you. But don't threaten us—you will be beaten before you begin.

Cheap at Half the Price!!

You know how all our five cent and better postcards are arranged in our store. They are arranged in strings with the price of the card at the top. Our two-for-five cards are in revolving racks. People in buying cards seldom have to ask the price, so well as they are arranged and priced. Well, we have never hit the postcard business very hard with cut prices, but we will deliver a solar-plexus that will keep them down for a week.

The scheme is this: Come into our store any time during week (from Saturday to Saturday) and select two five-cent cards for the price of one, two ten-cent cards for the price of one, and so on through the entire line, in other words buy post cards at half price.

Notice to Contractors

At a meeting of the Jersey street property owners on December 22, 1910, the city council of the city of St. Johns was requested to call for bids for the several kinds of hard surface pavements. Each hard surface paving company is hereby invited to submit bids together with their general proposition as to price per square yard, quality, guarantee, etc., for the 13 blocks on Jersey street. Improvement to be made as soon in the spring as is practical. Bids to be opened in open meeting of the Jersey street property owners on February 23, 1911. These bids are asked for in order that each company shall have an equal opportunity to compete and to present their particular kind of pavement, also that the property owners may be better enabled to decide, price, quality and guarantee to be considered. It is understood that the bid of the company that may be accepted by the property owners shall not exceed the bid sent in to the February 23rd meeting, when the same may be taken through the council in the regular manner.
