A visitor to St. Johns from Portland pointed out the fact that a short cut could be made to Kenton and the packing plant by having a track laid on Lombard street from the turn in the line at Peninsula station east to Derby street and there connect with the stockyards line. This might be worth looking into as it would save two miles of a ride; but what the people of St. Johns wants is a direct line so as to cut off about five miles more.

At the present time we have the most complete drug stock on the peninsula and only our immense patronage has made it possible.

The Bachelors club gave their monthly dance at the St. Johns Rink Wednesday night. The rink was beautifully decorated with the club colors and the music was furnished by Weinberger's orchestra. About 45 couples were present. Many beautiful evening gowns were in evidence. This club's dances are very popular and deservedly so, as the members spare no expense in order to give their guests a good time.
