J. B. Campbell, a former well known resident of St. Johns, but now a son of the soil near Hillsboro, was a visitor to this city a few days ago. Jack's friends were all glad to see him and to note that the simple life is agreeing with him well.

Dr. Albert Carey and family have moved to Southern Oregon, where they will take up ranch life. The doctor's health has not been of the best the past few years, as also that of Mrs. Carey. Therefore, he deemed it best to move to a higher altitude where they could spend most of their time in the open air. They have a very warm spot in their hearts for St. Johns, however.

An anonymous communicant makes the impertinent inquiry: "What was the steam roller doing so close to a saloon that the sparks emitting therefrom burned holes in the awning, causing a claim for damages?" The "devil" suggested it might have been cultivating a reputation as a "high roller" and fell over the office cat as he slid out the back door. The query is referred to the street committee.

Cheaper than wood and infinitely better. Place your order now and make the life of the housewife more bearable these mid-summer days.
