

Patrons are assured of only the freshest of everything in our new Jersey street store. We haven't the room to store a lot of goods and keep them until they are stale. Our floor space being limited, we must receive fresh goods every day to replace what has been sold the day before. Everything in the grocery line may be found in our store, besides dry goods and shoes. Call in and inspect our various lines. Prices are always right and courteous treatment is assured.

Free Bible Lectures

There will be interesting services each Sunday evening at Bickner's hall, St. Johns, for the next several weeks. The International Bible Student's Association has made arrangements with Mr. Wm. A. Baker, the well known Bible scholar

WM. A. BAKER

and lecturer, to conduct a summer Bible course for adults. The object of these series of lectures is not to establish any denomination or sect, but to stimulate Christians and others to a study of the Bible and to gain a clearer insight into God's holy word.

The Association has arranged for similar lecture courses throughout the country and has enlisted for these services the best talent procurable. Seats are free and no collections are lifted. The first lecture will be on "Jehovah, The Supreme Architect. Has He a Plan?"

Mr. Baker claims that when rightly understood the Bible contains sufficient internal evidence to prove it's own inspiration. He says: "In order to appreciate the beauty and harmony of the Scriptures it is necessary for us to observe Heaven's first law of order and apply texts where they belong. If we keep in mind God's purpose in dealing differently with the world of mankind in the different ages or dispensations, we have no difficulty in harmonizing such apparently contradictory doctrines as those of Election and Free Grace. In fact, we can readily see how the Bible is consistent with itself from Genesis to Revelation and proves that "God is love."

Written questions on bible doctrine are invited and will be considered during these lectures.

Not What We Say But What We Sell

We might print pages about these good clothes without results, but if what we say here will induce you to merely come and see, we will not complain. The clothes are here—the sort that would please you—no matter how particular you are. But you can't know the values until you can see and touch and try them on.

Will you come in to-day or to-morrow and learn just why we talk so sure about it?

For Example

Here's a real good suit, full of style and "go," for \$18.00. You've paid \$25 for suits not one bit better,—possibly not so good in all respects.
