# STOPS THE HAIR FROM FALLING OUT

Dandruff is not only disagreeable, aggravating and embarrassing—it is dangerous—it means scalp disease and loss of hair. You may have but little dandruff at the present time, but if neglected it will increase in quantity, close up the pores of the scalp and rob the roots of the hair of proper nourishment—the moisture and heat of the scalp will soon change a loose and fluffy dandruff into an almost solid mass—it becomes sticky and forms in layers.

Nyal's Hair Tonic will soon relieve this condition

—loosen up the dandruff and prevent the bacterial action. It supplies proper nourishment to the scalp and hair—stimulates its growth and gradually darkens grey hair.

Its continued use will result in a luxuriant growth of hair.

## "Every Little Purchase Has a Saving all Its Own"

Every time you make a purchase at our store, you save money. Maybe you will not always be conscious of the fact, but it is true, just the same. When your purchase of an article is one included in the cut-rate list, you are made aware of the fact when we hand you the change you did not expect. If you ask for ten cent's worth of something in bulk you receive a neatly tied package, but generally in this case you don't know whether or not you have received any more for your money than you would have received elsewhere. Here is where we must assure you that you have. We know how much others give, and we aim to give a little bit more, and sometimes our "little bit more" amounts to double the amount others give. We are looking for more business and we mean to get it. Get the habit.

### It Gets to Your Nerves

And bones. It surely does take a hold. As one user said, "its the only thing that ever took a fall out of me." Try it once and you will use it always.
