Johnstone's Toggery is rapidly growing too big for its clothes. It is just like a boy entering his teens, when his coat sleeves and trousers keep continually getting too short. Teething babies ever have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGee's Baby Elixir. It corrects sour stomach, cools and quiets the bowels and helps digestion. Price 25c, and 50c per bottle. Sold by St. Johns Pharmacy.

David Byerlee and Jack McNiven returned Saturday from their trip to the top of Mount Hood, and are enthusiastic in their praise of the beauties of the route. They think Mount Hood the biggest pile of dirt they ever climbed; that a man up there on top of the mountain finds out a little of how small a bit he is in nature. They had the finest of camping places, and the most sudden chaffeur they ever rode behind. Part of the way, in running to get in ahead of a shower they made over a mile a minute, and when they stopped and were getting out of the car a little thin streak of shadow slipped in under the car. They had beaten their shadow about three seconds. Dave says the way the wind whistled through his whiskers was something fierce.

Nyals Hot Springs Blood Remedy Makes Rich Red Blood

When your blood is impure remember that this is one of the most satisfactory blood and skin remedies in existence.

We do not claim it to be a specific, but it comes the nearest to it of anything we know of. It cleanses the blood of all impurities—destroys disease-producing germs—makes good, rich red blood—stirs up the sluggish blood—increases the circulation and supplies nutrition to the body tissues.

Keep the Blood in a Healthy Condition

The blood doing its full duty and the skin will remain clear and healthy. The blood must be pure in order to nourish the skin—it's the foundation of health. This is the foundation, the base upon which the success of Nyal's Hot Springs Blood Remedy is built—it purifies the blood and keeps it pure. This remedy has our hearty endorsement—try it and you will never regret it. Price, \$1.00 the bottle.

Louis McEvoy does a funny monologue that is especially good for the blues. It's useless to say that the Motion Pictures have been of the very best.

Do You Cook With Gas?

If not, why not? Nothing is nicer this warm weather than a gas range or plate for cooking. No heated kitchen to contend with, no wood to chop. After using one for a few days you would wonder how you ever got along without it. Ask those 106 who are now cooking with gas in St. Johns. Why not order one now? The price is low and the terms easy. Cheaper than wood and infinitely better. Place your order now and make the life of the housewife more bearable these mid-summer days.
